Mahalo Nui Nui Aloha:

Mahalo, Nui, Nui, Aloha Selma Kause, 1966 Hawaiian Grammar Samuel H. Elbert, Mary Kawena Pukui, 2021-05-25
Without question this is the definitive grammar of the Hawaiian language. Indeed it is the first attempt at a comprehensive treatment of the subject since W D Alexander published his concise Short Synopsis of the Most Essential Points in Hawaiian Grammar in 1864. This grammar is intended as a companion to the Hawaiian Dictionary by the same authors. The grammar was written with every student of the Hawaiian language in mind from the casual interested layperson to the professional linguist and grammarian. Although it was obviously impossible to avoid technical terms their use was kept to a minimum and a glossary is included for those who need its help. Each point of grammar is illustrated with examples many from Hawaiian language literature.

Odes to the Highest Sage Furtado, 2011-04-30 There is no available information at this time *The Past before Us* Nālani Wilson-Hokowhitu, 2019-04-30 From the Foreword Crucially past present and future are tightly woven in iwi Native Hawaiian theory and practice. We adapt to whatever historical challenges we face so that we can continue to survive and thrive. As we look to the past for knowledge and inspiration on how to face the future we are aware that we are tomorrow's ancestors and that future generations will look to us for guidance. Marie Alohani Brown author of Facing the Spears of Change The Life and Legacy of John Papa. The title of the book The Past before Us refers to the importance of ka w mamua or the time in front in Hawaiian thinking. In this collection of essays eleven Kanaka iwi Native Hawaiian scholars honor their mo'okauhau genealogical lineage by using genealogical knowledge drawn from the past to shape their research methodologies. These contributors K naka writing from Hawai'i as well as from the diaspora throughout the Pacific and North America come from a wide range of backgrounds including activism grassroots movements and place based cultural practice in addition to academia. Their work offers broadly applicable yet deeply personal perspectives on complex Hawaiian issues and demonstrates that enduring ancestral ties and relationships to the past are not only relevant but integral to contemporary Indigenous scholarship. Chapters on language literature cosmology spirituality diaspora identity relationships activism colonialism and cultural practices unite around methodologies based on mo'okauhau. This cultural concept acknowledges the times people places and events that came before it is a fundamental worldview that guides our understanding of the present and our navigation into the future. This book is a welcome addition to the growing fields of Indigenous Pacific Islands and Hawaiian studies.
