Sinnett from the Mahatmas M. & K. H. Alfred Percy Sinnett,1924 *The Mahatma Letters to A. P. Sinnett from the Mahatmas M. and K. H.* A. T. Barker,2013-10 This is a new release of the original 1923 edition The Mahatma Letters to A.P. Sinnett from the Mahatmas M. & K.H. Alfred Percy Sinnett,1948 *The Mahatma Letters* ,1975 Imagining the East

Erik Reenberg Sand,Tim Rudbøg,2020 The essays in *Imagining the East* explore how Theosophists during the formative period imagined the religions and cultures of the East The authors examine the relationship of such representations to orientalism the history of ideas politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture The essays also look at how the early Theosophical Society's representations of the East differed from mainstream orientalism and how the Theosophical Society's mission in India was distinct from that of British colonialism and Christian missionaries **Masters of Wisdom**

Edward Abdill,2015-05-19 A rigorous historical and philosophical examination of the controversial spiritual Masters who guided Madame H P Blavatsky in opening the world to Eastern and esoteric spirituality in the late nineteenth century In the late nineteenth century Russian noblewoman and occult philosopher Madame H P Blavatsky enthralled the world with revelations of an ancient secret doctrine behind the major faiths and a cosmic theology that united the insights of religion and science Blavatsky said she was operating under the guidance of hidden Masters of wisdom or mahatmas who led her to reveal forgotten wisdom to modern people The mythos of Blavatsky's Masters left a deep mark on Western culture and spawned more than a century of debate Were the Masters real What did they teach Are they reachable today Now independent scholar of religion Edward Abdill provides an authoritative historically reliable and delightfully readable study of the background and ideas of the Masters in particular highlighting their message and its enduring relevance

Constructing Tradition Andreas Kilcher,2010-10-05 This volume of conference proceedings investigates the various ways and patterns with which esoteric writings and groups establish their own tradition This involves concepts of origin and memory ways of legitimising esoteric tradition as well as techniques and practices of knowledge transmission in esotericism

Handbook of the Theosophical Current ,2013-01-08 Few religious currents have been as influential as the Theosophical Yet few currents have been so under researched and the Brill Handbook of the Theosophical Current thus represents pioneering research A first section surveys the main people and events involved in the Theosophical Society from its inception to today and outlines the Theosophical worldview A second substantial section covers most significant religions to emerge in the wake of the Theosophical Society Anthroposophy the Point Loma community the I AM religious activity the Summit Lighthouse Movement the New Age theosophical UFO religions and numerous others Finally the interaction of the Theosophical current with contemporary culture including gender relations art popular fiction historiography and science are discussed at length

The Secret Gateway Edward Abdill,2012-12-19 While several books have been written on modern Theosophy the ancient wisdom tradition that can be found in every great culture from earliest times to the present none currently exist today in the form of Edward Abdill s new title Presenting his own interpretation of the basic Theosophical concepts established in the late nineteenth century by the brilliant mystic H P Blavatsky Abdill gives us perhaps the first simplified straightforward written version of the esoteric system that for centuries has often been misunderstood Through this concise easy to read introduction to Theosophy people of all faiths and religions can finally start to bridge the gap that is the realm between science and spirituality This book is the perfect guiding tool for all those on the quest to self discovery and self transformation filling the long awaited need of insight into the theories and practices that are the backbone of ancient wisdom that most foundational literature on modern Theosophy leaves to be desired

Theosophy across Boundaries Hans Martin Krämer,Julian Strube,2020-11-01 Theosophy across Boundaries brings a global history approach to the study of esotericism highlighting the important role of Theosophy in the general histories of religion science philosophy art and politics The first half of the book consists of seven perspectives on the activities of the Theosophical Society in very different regional contexts ranging from India Vietnam China and Japan to Victorian Britain and Israel shedding new light on the entanglement of Western and Oriental ideas around 1900 The second half explores specific cultural influences that Theosophy exerted in the spheres of literature art and politics using case studies from Sri Lanka Burma India Japan Ireland Germany and Russia The examples clearly show that Theosophy was part of a truly global movement thus providing an outstanding example of the complex entanglements of the global religious history of the nineteenth and early twentieth centuries

Reflections on an Ageless Wisdom Joy Mills,2014-07-01 Modern Theosophy expresses the ancient wisdom tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to

communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoote Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin s 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go *Western Sufism* Mark Sedgwick, 2016-10-18 Western Sufism is sometimes dismissed as a relatively recent new age phenomenon but in this book Mark Sedgwick argues that it has deep roots both in the Muslim world and in the West In fact although the first significant Western Sufi organization was not established until 1915 the first Western discussion of Sufism was printed in 1480 and Western interest in Sufi thought goes back to the thirteenth century Sedgwick starts with the earliest origins of Western Sufism in late antique Neoplatonism and early Arab philosophy and traces later origins in repeated intercultural transfers from the Muslim world to the West in the thought of the European Renaissance and Enlightenment and in the intellectual and religious ferment of the nineteenth century He then follows the development of organized Sufism in the West from 1915 until 1968 the year in which the first Western Sufi order based on purely Islamic models was founded Western Sufism shows the influence of these origins of thought both familiar and less familiar Neoplatonic emanationism perennialism pantheism universalism and esotericism Western Sufism is the product not of the new age but of Islam the ancient world and centuries of Western religious and intellectual history Using sources from antiquity to the internet Sedgwick demonstrates that the phenomenon of Western Sufism draws on centuries of intercultural transfers and is part of a long established relationship between Western thought and Islam *Life of Mahatma Gandhi through Philately* Lavanya R, Digital First Edition of Life of Mahatma Gandhi through Philately Gandhi Stamp Catalogue This Digital First Edition of Gandhi Stamp Catalogue was created with intensive effort over many years and is meant to serve both as a world wide stamp catalogue and as a memoir to learn more about the life of Mahatma Gandhi the Visionary from Porbandar so we can apply his teachings in our daily lives The brief summary of contents are as follows Beautifully illustrated with images of all 1168 stamps on Mahatma Gandhi from all over the world Covers all 146 issuers belonging to 139 territories representing present day 133

characterization writes Dr Amiya Chakravarty former private secretary of Rabindranath Tagore who knew Gandhi personally and worked with him It is one of the great biographies No finer account of Gandhi s life and death has been written **The Mahatma Letters** Alfred Trevor Barker,1972 The internationally famous letters arranged by category on occultism religion and philosophy Divine Feminine Joy Dixon,2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky s earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture Divine Feminine is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society s claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today s New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today
