Mahout A Keeper And Driver Of An Elephant:

Mahout, a Keeper and Driver of an Elephant Henry M. Christman, 1982 *Elephant Welfare in Global Tourism* Eric Laws, David W. Knight, Timothy Lee, Kom Campiranon, Bongkosh Rittichainuwat, Ann Suwaree Ashton, John Koldowski, Melody Zhirui Zhou, 2025-05-30 At the centre of the elephant tourism industry lie two profound challenges the delicate balance between income and compassion and the severe threats to the survival of all remaining elephant species Trained elephants exchange hands for staggering sums reaching up to 100 000 each yet the colossal appetites of the herds with each elephant devouring over 100 kilograms of sustenance daily pose formidable economic challenges for camp owners An elephant camp's revenue is dependent on tourism with a complex web of specialist businesses local and international large and small contracted to recruit and enable visitors This results in competition focused mainly on price and profitability considerations The inadequacies of these business networks and of the administrative controls within which they operate were demonstrated during the complete shutdown of elephant tourism venues in early 2020 due to COVID 19 This authoritative text analyses elephants vulnerabilities providing an inspiring call to action for a more compassionate coexistence between elephants and the stakeholders responsible for their individual and herd welfare and survival *Elephant Welfare in Global Tourism* is intended for managers professionals and administrators of elephant camps refuges and rescue centres and for NGOs providing advice and support Academic researchers on wildlife may find inspiration for suitable topics and examples of current methodologies
