Maia Bang Violin Method Part :

Maia Bang Violin Method Leopold Auer, 2013-04-16 Maia Bang Violin Method is a classic guide to playing the violin based on a method of playing created by Leopold Auer. It covers everything a violin player needs to know from the different parts of the violin to mastering more advanced techniques. Written in simple clear language and profusely illustrated, this fantastic guide is perfect for novice or young players and it would make for a fantastic addition to collections of related literature. Contents include Elementary Rudiments, More Advanced Studies, Third and Second Positions, Fourth and Second Positions, Sixth and Seventh Positions, Higher art of Bowing and Piano Complainants. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new introduction on the history of the violin. The seven volume collection covers every aspect of teaching and learning the instrument from the beginning to the highest level. This first volume focuses on elementary aspects: the basics of holding the violin, tuning, reading music, scales and bowing. Clear and simple in its presentation, the book abounds in Auer's original exercises and suggestions, including helpful notes for fingering, achieving proper intonation, legato playing and other essentials. Bang's presentation continues Auer's tradition of combining technical exercises with fun to play melodies, including duets for teachers and students.
