Georges Simenon

Maigret Tend Un Piège:

Maigret Tend Un Piège. Roman Georges Simenon, 1965 **Maigret Tend Un Piège. Maigret Sets a Trap. Translated ... by Daphne Woodward** Georges Simenon, Daphne Woodward, 1965 **Maigret's World** Murielle Wenger, Stephen Trussel, 2017-09-13

Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses. As readers become acquainted with Maigret, one detail at a time, he slowly takes on a flesh and bone realism, not merely a character in a story but someone we would like to meet in real life. This book presents all the canonical facts and details about the detective and his world in one place, presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself.

Investigating Simenon Russell Campbell, 2022-09-21

For nearly a century, the work of Belgian crime writer and psychological novelist Georges Simenon, creator of Chief Inspector Maigret, has captivated readers worldwide. This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society. Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements. These concerns are also evident in Simenon's pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing. This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name, including several that have never been translated into English, as well as a number of short stories and several pseudonymous works.

Screenwriters in French cinema Sarah Leahy, Isabelle Vanderschelden, 2021-03-16

Screenwriters have been central figures in French cinema since the conversion to sound from early French language talkies for the domestic market to lavish literary adaptations of the notorious quality tradition of the 1950s and from the aesthetic revolution of the New Wave to the contemporary popular and auteur film in the 2000s. The first English language study to address screenwriters in French cinema, this volume will be of particular interest to scholars and students of French film and screenwriting. Taking a diachronic approach, it includes case studies drawn from the early sound period to the present day in order to offer an alternative historiography of French cinema and shed light on these overlooked
