Leggett's Antiques Atlas Kim Leggett, David Leggett, 1999 The guide to antiquing in America *The Changing Place of Europe in Global Memory Cultures* Christina Kraenzle, Maria Mayr, 2016-12-10 This book investigates the transnational dimensions of European cultural memory and how it contributes to the construction of new non supra and post national but also national memory narratives The volume considers how these narratives circulate not only within Europe but also through global interactions with other locations *The Changing Place of Europe in Global Memory Cultures* responds to recent academic calls to break with methodological nationalism in memory studies Taking European memory as a case study the book offers new empirical and theoretical insights into the transnational dimensions of cultural memory without losing sight of the continued relevance of the nation The articles critically examine the ways in which various individuals organizations institutions and works of art are mobilizing future oriented memories of Europe to construct new memory narratives Taking

into account the heterogeneity and transnational locations of commemorative groups the multidirectionality of acts of remembrance and a variety of commemorative media such as museums film photography and literature the volume not only investigates how memory discourses circulate within Europe but also how they are being transferred translated or transformed through global interactions beyond the European continent **Just Between You and Me** Evelyn
