Main-travelled Roads Hamlin Garland, 1962 *Main Travelled Roads* contains eleven stories in this expanded and revised 1922 edition of an undisputed American classic *Under the Lion's Paw* shows an honest hard working farmer victimized by a greedy landlord *Equally* powerful is the semi autobiographical *Up the Coolly* concerning a successful son who returns from the East to find his mother and brother trapped on a poor farm defeated in spite of their best efforts *Mrs Ripley's Trip* is a tender story of an elderly couple settled in their frugal country ways with the wife determined to realize her dream of revisiting childhood scenes Although Garland paints no pretty pictures he offers exhilarating moments in the lives of these farm people and never ignores the strength of individual will William Dean Howells's introduction to the 1922 edition has been retained

The Presidents of American Fiction Michael J. Blouin, 2022-11-03 *The Presidents of American Fiction* brings together American literature history and political science to explore the most influential fictionalized accounts of the presidency from the early 19th century to the time of Trump Of late popular understandings of the presidency are being radically re-written consider for example the distinctive myths that accompanied the ascent of the Obama and Trump administrations and many readers of all stripes are radically reimagining the office and its holder Placing these changes within a broader cultural context Michael J Blouin investigates narratives involving fictional presidents from the supposedly factual to the outright

fantastical within their distinct literary and historical moments The author considers representative texts including works penned by James Fenimore Cooper from the Jacksonian moment Gore Vidal in the age of Nixon and Vietnam and Philip Roth in the neoliberal period Through detailed readings that question how American presidents function as characters within the popular imagination this book examines the presidency as a complex ever evolving trope and in so doing enhances our appreciation of American literature s inextricable link with American politics *New Mexico Quarterly* ,1962

The Uses of Variety Carrie Tirado BRAMEN, Carrie Tirado Bramen, 2009-06-30 The turn of the last century amid the excesses of the Gilded Age variety became a key notion for Americans a sign of national progress and development reassurance that the modern nation would not fall into monotonous dullness or disorderly chaos Carrie Tirado Bramen pursues this idea through the works of a wide range of regional and cosmopolitan writers journalists theologians and politicians who rewrote the narrative of American exceptionalism through a celebration of variety Exploring cultural and institutional spheres ranging from intra urban walking tours in popular magazines to the 1893 World s Parliament of Religions in Chicago she shows how the rhetoric of variety became naturalized and nationalized as quintessentially American and inherently democratic By focusing on the uses of the term in the work of William James Anna Julia Cooper W E B Du Bois Hamlin Garland and Wong Chin Foo among many others Bramen reveals how the perceived innocence and goodness of variety were used to construct contradictory and mutually exclusive visions of modern Americanism Bramen s innovation is to look at the debates of a century ago that established diversity as the distinctive feature of U S culture In the late nineteenth century conception which emphasized the openness of variety while at the same time acknowledging its limits she finds a useful corrective to the contemporary tendency to celebrate the United States as a postmodern melange or a carnivalesque utopia of hybridity and difference

Sarver, 1999-01-01 Uneven Land explores the ambiguous conceptual position of agriculture and nature in American literature during the late nineteenth and early twentieth centuries Focusing on the work of Ralph Waldo Emerson Hamlin Garland Frank Norris William Ellsworth Smythe and Liberty Hyde Bailey Stephanie L Sarver reveals a range of views about agriculture its value to the individual and its relationship to nature Sarver proposes that agricultural practices require a relationship with nature that is simultaneously material and spiritual as well as economic and social Emerson interprets the relationship between the farmer and nature in several ways confirming that the farmer enjoys a privileged connection to nature Garland and Bailey continue in Emerson s tradition but present the farmer s relationship to nature as always compromised by the commercial character of farming In contrast Norris and Smythe minimize the individual spiritual experiences of nature in farming They abstract agrarian land suggesting that the farm is a stage on which human dramas are enacted Out of this study emerges a complex picture of America s uncertain relationship with nature and agriculture [The Future of Reading](#) Eric Purchase, 2019-03-08 Why do we read What happens to our imaginations when we read To our knowledge What creative forces are unleashed What are the wider implications of all of this In a truly engaging and accessible style *The Future of Reading* looks at the very experience of reading not just the consumption and interpretation of texts but also reading as an artistic process that demands creative freedom and unfolds from deep in the soul Rather than

analysing or critiquing texts this book examines what happens to us when we read the complex human experience which frees us from certain boundaries and constraints and then looks at how we can use this freedom of mind to creatively tackle much larger issues in the world Eric Purchase argues that creative reading enables us to generate answers for complex real world problems that cut across fields of knowledge and therefore defy solution by experts Enjoyable challenging unique and astute this book will open up the reading experience for students and all readers interested in using literature and reading as a positive force in their lives and the world **The World We Imagine** Mark Schorer,1969 **Midamerica** ,1996 "An Innocent Way Out" Carrie A.
