Fu-kuo Liu, Philippe Regnier, 2013-10-18 Regional cooperation and integration have emerged as key issues for East Asia following the financial crisis This book explores these issues and examines the degree to which a new paradigm is emerging It reviews the evolution of the concepts and practices of regionalism in East Asia and considers the factors which are shaping new patterns of regional co operation and integration It includes discussions of historical developments economic co operation socio political factors and defence and security It considers the role of those states including China and Japan which have distinctive approaches to international relations and assesses the role of regional international bodies such as ASEAN

*China's Economic Statecraft: Co-optation, Cooperation And Coercion* Mingjiang Li, 2017-03-16 This book aims to study China s economic statecraft in the contemporary era in a comprehensive manner It attempts to explore China s approaches to using its economic trade investment and financial power for the pursuit of its political security and strategic interests at the regional and global levels The volume addresses three major issue areas in particular The first issue pertains to how Beijing has used its economic clout to protect what it perceives as its core interests in its external relations Three cases are included the Taiwan issue human rights and territorial dispute in the South China Sea The second major area of inquiry focuses on how China has employed its economic power in its key bilateral relations including relations with Japan North Korea the United States and other states in the East Asian region The third issue concerns China s economic statecraft in the global context It addresses the impacts of China s economic power and policy on the transformation of the global financial structure developments in Africa the international intellectual property rights regime and China s food security relations with the outside world

*Taiwan in the Global Economy* Peter C. Chow, 2002-03-30 A role model for late industrializing countries Taiwan provides unique and interesting development lessons for third world countries Once a poverty stricken resource poor technologically backward nation Taiwan has become the hub of a global production network in many high tech industries with increasing significance in the world economy In ten outstanding essays written by highly respected economists this book analyzes Taiwan s postwar economic development path providing a valuable case study of its structural transformation from a labor intensive to a technology intensive economy The book addresses three major topics First it recaptures the lessons of Taiwan s experience Then it considers the role of foreign investment on structural

transformation and globalization Finally it examines Taiwan s economy in a global perspective evaluating its role in the world market from the past to the future and its evolution from a colony to a newly industrialized country **China's**

**Development and Harmonization** Bin Wu,Shujie Yao,Jian Chen,2013-08-21 The concept of harmonization has become very popular in China with the Chinese government increasingly applying the term harmonious society to internal affairs and the term harmonious world to international relationships Harmonization as both an end and a means of China s development is deeply rooted in China s cultural tradition which emphasizes moderation balance and harmony between human beings and nature between different social groups and between the Chinese and other nationalities This book examines the experience of enacting the concept of harmonization in China in recent years It explores this in terms of developments within Chinese society economic developments and changes in business practices environmental challenges and coping strategies and changing patterns of international relations Throughout it discusses the gaps between rhetoric and reality policy and practice

Chinese Immigration Law Guofu Liu,2016-05-23 Lacking a single immigration code Chinese immigration law is widespread encompassing a variety of laws regulations and policies some of which are internal and closed There is also no immigration cases system These factors have combined to make the study and understanding of the system difficult for those outside or unfamiliar with this area of Chinese law To add to this complexity since the reform and opening up policy in 1978 Chinese immigration law has been experiencing significant change In particular that brought about by the acceptance of a market economy in 1991 and with access to World Trade Organization membership in 2001 Due to the dilation of the legislation the issue of conflict between Chinese immigration law and other Chinese laws has become serious This book provides a comprehensive up to date and readily accessible reference to Chinese immigration law It provides the necessary detail insight and background information for a thorough understanding of this complex system The book has been written on the basis of Chinese statutes while also including coverage of the relevant international instruments The work draws on and compares Chinese and English language sources making it an invaluable resource for both Chinese and non Chinese readers alike
