Soccer Training for Goalkeepers Klaus Bischofs, Heinz-Willi Gerards, Juergen Wallraff, 2006 In the last few years, there is no other position on the soccer field that has seen so many deep-rooted changes as seen in goalkeeping. Good reflexes on the goal line and superb control of the penalty zone by the goalkeeper used to be the main characteristics of this position. Nowadays, however, additional skills are demanded because in the new role of the goalkeeper, he must have good ball skills and he must be in a position to be able to read the game and put structure into the play from the rear. This new function of the goalkeeper requires a further development of the training emphasis.
