Dürer's Lost Masterpiece Ulinka Rublack, 2023 Dürer's Lost Masterpiece tracks the history of a turning point in the career of the celebrated German artist Albrecht Dürer 1471 1528 when he stopped painting altarpieces after arguing with a merchant patron over payment As an eloquent homage to Dürer's life it brings us closer to the creation and meaning of his paintings than ever before Dürer's Lost Masterpiece considers the celebrated German artist Albrecht D

rer 1471 1528 his time and his legacy It tracks the history of a crucial and often overlooked turning point in his career when D rer stopped painting altarpieces after falling out with the Frankfurt merchant Jacob Heller over a commission The story of this painting as D rer s lost masterpiece functions as a lens through which to view the new relationship developing between art collecting and commerce in Europe up to the Thirty Years War 1618 1648 when global trade and cultural exchanges were increasing At the heart of the book is the argument that merchants and their mentalities were crucial for the making of Renaissance art and its legacy for modern art The book draws on a decade of research and uniquely draws the reader into the rich emotional worlds of three merchants each of whom typified the evolving relationship between art and commerce in that entrepreneurial and often ruthless age It brings to life D rer s determined fight for creative makers to be adequately paid and explores the big questions about how European societies came to value the arts and crafts that remain relevant to our time *The American Lutheran* ,1924 **Southern Funeral Director** ,1929
