Masters Of Deception The Worldwide White Collar Crime Crisis And Ways To Protect Yourself:

Masters of Deception Louis R. Mizell, 1997 **Masters of Deception** Louis R. Mizell, 1996-11-01

White collar criminals continue to pick our pockets to the tune of 300 billion every year. These socially acceptable criminals rob more from companies and individuals with a pen or key stroke than a street thug can plunder with a high powered pistol.

Introduction In *Masters of Deception*, former special agent and intelligence officer Louis Mizell addresses the growing problem of white collar crime in America. Using actual cases, Mizell exposes scores of perpetrators and their modus operandi and offers invaluable advice on what to look for, how to avoid being a victim, and how to fight back. Praise for Louis Mizell and *Masters of Deception*: Mizell stands out as a true expert in crime and terrorism who earned his title fighting the bad guys in back alleys, courts, corporate suites, and the new global economy. No one else out there can match his knowledge of what the bad guys are doing and how. James Grady, author of *Six Days of the Condor* and *White Flame*. *Masters of Deception* exposes little known facts that should be revealed to the unsuspecting public. Mizell may well be the next Ralph Nader in exposing the many ways innocent people are victimized by white collar crime. Dr. Richard Ward, Associate Chancellor and Professor of Criminal Justice, University of Chicago at Illinois. White collar crime is an alarming epidemic that has reached every big city and small town in America. Invading all sectors from health care and religion to law and education, it claims millions of victims and bilks taxpayers out of billions of dollars every year. In *Masters of Deception*, top crime expert Louis Mizell addresses this serious and costly problem, exposing some of the most notorious offenders and providing precautionary measures everyone should take to avoid being taken to the cleaners. Leaving no get rich quick stone unturned, white collar criminals strike from every angle. Whether they're doctors overbilling patients, charity workers pocketing donations, or lawyers abusing powers of attorney, their fraudulent practices cost individuals, companies, and institutions billions of dollars. Consider the following: Every year, an average of 160 million is stolen or embezzled from schools and colleges all over the country. Insurance fraud, property casualty, and health is a 95 billion a year scam. Credit card fraud costs taxpayers nearly 3 billion per year. Dishonest lawyers pocket more than 14 billion annually. More than 21 billion is being stolen from charities each year. In *Masters of Deception*, Mizell explores the full spectrum of white collar crime and the misuse of power by professionals we trust, including health care, business, education, and religion. Here, he reveals hundreds of actual cases, from local crimes to such highly publicized incidents as the PTL scandal. With his experienced analytical eye, Mizell is able to spot new and emerging trends and pinpoint signs to look for in identifying potential cons. Sharing his expertise and insight as a former special agent and intelligence officer, Mizell also offers proven tips for fighting back, specific to each sector, as well as an extensive list of contacts for receiving further information, getting help, or reporting a crime. And anyone who believes that white collar crime is nonviolent will be shocked to learn that crime in the suites causes as much death and injury as crime in the streets. *Masters of Deception* is a timely and authoritative book that will not only raise awareness about white collar crime but also allow readers to empower themselves.
