Journey to the Healer Zion Thurston, 2022-10-14 In the black primordial cosmic sea of everything and nothing the waves of chaos crash into each other expanding contracting bursting into light creating life shrinking into darkness and then vanishes into death In this enigmatic place where time is nonexistent and light is lost to the eternal abyss of space Omari journeys to discover the genesis of himself As he journeys into a realm beyond the unimaginable and the fantastic he contends with the essence of his triune existence He struggles with experiences unlocked by an unknown consciousness hidden in an ethereal place deep within his soul experiences hidden from the beginning of time immemorial even before the genesis of the formed universe Everything Omari was taught from birth to this moment is challenged as the boundaries of Omari's cemented world is shattered separating the trinity of his being into singular entities his mind body and spirit unraveling like a three cord rope warping his reality of space time continuum destroying the consciousness of his earthly identity and exposing the dysfunctionality of his triune being His twenty eight years of knowledge dissipate like a vapor as his encounter with the unknown forces him to reconsider the reality he has come to accept as truth Confronted by this new reality a consciousness beyond man's imagination Omari becomes aware of the dysfunctionality and the divisions within his soul an ongoing war that rages on between his body mind and spirit Awakened to this turmoil of his soul Omari also learns of a path that leads to the Healer A path he must now travel for the reunification and reconciliation of the trinity of his being and be healed of the afflictions that he has learned is the root cause of all mankind sorrow Monthly Bulletin Los Angeles Public Library, 1917
