*Masters of Seduction* Jeri Lynn Ball, 2000-10-01      *The "Nonsense Papers"* James W. Astrada, 2021-12-13 Split into two parts Volume three of the Nonsense Papers series sheds light into the new vaccine era for humanity In the final part misinformation and altering of data by government agencies to hide deaths by emergency use inoculation are continuing over the last year The push for injecting all citizens around the world under the guise of public safety has been the message hammering into our minds No one is safe from draconian laws set in motion to punish those that refuse to get with the program Slander ridicule and loss of jobs are a result of those who question unknown motives of our world leaders A new breed of separation of humanity has occurred with the vaccinated and unvaccinated The elimination of a live and let live policy has commenced as the Biden administration pushes new laws and penalties to those who want no part of the lies and propaganda A one sided view presented by mass media coerces those they deem hesitant to omit the details and conform Alternative outlets strive to reach people with the other side however Social Media giants and Big Pharma stand in their way and censor any attempt to broadcast Humanity has dug its own grave where we have left no means for escape The future indeed looks lost

Kirkpatrick, 2022-02-15 *Marse A Psychological Portrait of the Southern Slave Master and His Legacy of White Supremacy* focuses on the white men who composed the antebellum southern planter class in the period of 1830 1861 This book is a psychological autopsy of the minds and behaviors of enslavers that helps explain the enduring roots of white supremacy and the hidden wound of racist slavery that continues to affect all Americans today Marse details and illustrates examples of the psychological mechanisms by which southern slave masters justified owning another human being as property and how they formed a society in which enslavement was morally acceptable Kirkpatrick uses forensic psychology to analyze the personality formation defense mechanisms and psychopathologies of slave masters Their delusional beliefs and assumptions about Black Africans extended to a forceful cohort of white slaveholding women as well as how they twisted Christianity to promote slavery as a positive good He examines the masters stresses and fears and how they coped by developing psychologically fatal slavery specific defense mechanisms Utilizing sources such as the vast treasure trove of slavery historiography diaries letters autobiographies and sermons Marse describes the ways in which slaveholders created a delusional worldview that sanctioned cruel instruments of punishment and implemented laws and social policies of domination used to rob Blacks of their human rights The seismic shift in race relations our nation is experiencing right now make this book timely as it will advance our understanding of the South's self defeating romance with racist slavery and its latent and chronic effects The parallels between the psychology of antebellum slaveholding and today's racism are palpable

*The Power to Die* Terri L. Snyder, 2015-08-28 A well written exploration of the cultural and legal meanings of slave suicide in British North America far reaching compelling and relevant Choice The history of slavery in early America is a history of suicide On ships crossing the Atlantic enslaved men and women refused to eat or leaped into the ocean They

strangled or hanged themselves They tore open their own throats In America they jumped into rivers or out of windows or even ran into burning buildings Faced with the reality of enslavement countless Africans chose death instead In *The Power to Die* Terri L Snyder excavates the history of slave suicide returning it to its central place in early American history How did people traders plantation owners and most importantly enslaved men and women themselves view and understand these deaths and how did they affect understandings of the institution of slavery then and now Snyder draws on an array of sources including ships logs surgeons journals judicial and legislative records newspaper accounts abolitionist propaganda and slave narratives to detail the ways in which suicide exposed the contradictions of slavery serving as a powerful indictment that resonated throughout the Anglo Atlantic world and continues to speak to historians today **Views of American Slavery;**
