Masters Theses in the Pure and Applied Sciences Wade H. Shafer,2012-12-06 Masters Theses in the Pure and Applied
Sciences was first conceived published and disseminated by the Center for Information and Numerical Data Analysis and
Synthesis CINDAS at Purdue University in 1957 starting its coverage of theses with the academic year 1955 Beginning with
Volume 13 the printing and dissemination phases of the activity were transferred to University Microfilms Xerox of Ann
Arbor Michigan with the thought that such an arrangement would be more beneficial to the academic and general scientific
and technical community After five years of this joint undertaking we had concluded that it was in the interest of all con
cerned if the printing and distribution of the volumes were handled by an interna tional publishing house to assure improved
service and broader dissemination Hence starting with Volume 18 Masters Theses in the Pure and Applied Sciences has been
disseminated on a worldwide basis by Plenum Publishing Cor poration of New York and in the same year the coverage was
broadened to include Canadian universities All back issues can also be ordered from Plenum We have reported in Volume 29
thesis year 1984 a total of 12 637 theses titles from 23 Canadian and 202 United States universities We are sure that this
broader base for these titles reported will greatly enhance the value of this important annual reference work While Volume
29 reports theses submitted in 1984 on occasion certain univer sities do report theses submitted in previous years but not
reported at the time *How to Write a Master's Thesis* Yvonne N. Bui,2014 How to Write a Masters Thesis is a
comprehensive manual on how to conceptualize and write a five chapter masters thesis including the introduction literature
review methodology results and discussionnclusion Very often a theory practice gap exists for students who have taken the
prerequisite methods and statistics courses in their masters program but who have yet to understand how to apply and
translate what they ve learned about the research process with their first major project Yvonna Bui demystifies this process
by integrating the language learned in these prerequisite courses into a step by step guide for developing one s own thesis
