Match, Sort and Compare Vocabulary

Match	Find and put together objects that are similar in some way.
Same	Objects that look or feel just like each other.
Different	Things that are not exactly the same. You could have 2 round buttons but they are different if one is orange and one is blue.
Set	A group of similar things that belong together in some way.
Sorting	When we sort objects we put objects that are similar together. For example, we might put all the circles together, or all of the orange shapes.
Rules	Instructions about how we organise things. Rules help us to sort objects into groups based on their similarities.
Different ways	The same group of objects could be sorted in different ways; they could be sorted by size (big and small) or by shape (circle and square).
