McIntyre, R.N.**

Material Child Coming Of Age In Japan And America:

The Material Child Merry White, 1994-09-29 As she describes the youth culture of Japan Merry White draws comparisons with the interests and activities pursued by teenagers in the United States and the contrasting attitudes of adults in Japan and the U S towards adolescence The result is both engrossing and enlightening **The Material Child** Merry I. White, 1993 **What Did I Just Say!?!** Denis Donovan, M.D., Deborah McIntyre, R.N., 2000-10 An invaluable book that does for parents and their young children what You Just Don t Understand did for men and women Did you know that when you say How many times have I told you not to your toddler thinks you are actually changing the subject rather than reiterating a question Based on years of clinical experience and original child development research What Did I Just Say shows how conventional communication styles actually prevent parents from saying what they mean and cause children to hear something entirely different than what was intended The authors demonstrate how a simple understanding of the logic of language and of childhood thinking can dramatically improve parent child communication Among the subjects covered are understanding the complex experiential world of young children putting structure rules and boundaries into children s lives while still fostering individuality encouraging healthy emotional responsiveness and interpersonal sensitivity while decreasing anger and aggression focusing a child s attention and foiling behaviors such as tuning out and forgetting By helping parents understand the very different linguistic and experiential world of children What Did I Just Say offers a foundation for parent child communication that will last a lifetime Youth Cultures in America Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems Dogs and Demons Alex Kerr, 2002-02-10 The crises and failures of modernization in Japan as seen up close by a resident expert Japan is a nation in crisis and the crisis goes far beyond its well known economic plight In Dogs and Demons Alex Kerr chronicles the crisis on a broad scale from the failure of Japan s banks and pension funds to the decline of its once magnificent modern cinema The book takes up for the

first time in the Western press subjects such as the nation's endangered environment its seashores lined with concrete its roads leading to nowhere in the mountains It describes Japan's monument frenzy the destruction of old cities such as Kyoto and construction of drab new cities and the attendant collapse of the tourist industry All these unhealthy developments are Kerr argues the devastating boomerang effect of an educational and bureaucratic system designed to produce manufactured goods and little else A mere upturn in economic growth will not quickly remedy these severe internal problems which Kerr calls a failure of modernism He assails the foreign experts who often dependent on Japanese government and business support fail to address these issues Meanwhile what of the Japanese people themselves Kerr a resident of Japan for thirty five years writes of them with humor and passion for passion he says is part of the story Millions of Japanese feel as heartbroken at what is going on as I do My Japanese friends tell me Please write this for us

Childhood in World History Peter N Stearns, Professor of History and Provost Peter N Stearns, 2010-11 Praise for the first edition Those seeking a primer on the field might well begin here H Childhood H Net Reviews a succinct and deft survey Undoubtedly this book will be a godsend to teachers In the assured hands of Stearns with his readily accessible style readers will come away much better informed Social History of Medicine Stearns's treatment is characteristically learned conceptually sleek and sensitive to societal and temporal variation Journal of Social History an engaging well written and thoughtful resource for readers who seek a solid understanding of the subject History of Education Quarterly Childhood exists in all societies though there is huge variation in the way it is socially constructed across time and place Studying childhood historically greatly advances our understanding of what childhood is about and a world history focus permits some of the broadest questions to be asked This new edition of Childhood in World History has been completely updated including An expanded discussion of the theory and methodology involved in a global history of childhood Expanded coverage of childhood in Africa and South Asia Extra material on religious change including more discussion of Judaism and Islam New material on the role of the state A brand new comparative chapter on happiness and childhood Now fully up to date this second edition of Childhood in World History highlights the gains but also the divisions and losses for children across the millennia

Parenthood between Generations Siân Pooley, Kaveri Qureshi, 2016-04-01 Recent literature has identified modern parenting as an expert led practice one which begins with pre pregnancy decisions entails distinct types of intimate relationships places intense burdens on mothers and increasingly on fathers too Exploring within diverse historical and global contexts how men and women make and break relations between generations when becoming parents this volume brings together innovative qualitative research by anthropologists historians and sociologists The chapters focus tightly on inter generational transmission and demonstrate its importance for understanding how people become parents and rear children

Parents and Caregivers Across Cultures Brien K. Ashdown, Amanda N. Faherty, 2020-02-04 This book explores diverse parent child relationships from around the world drawing on connections between culture and parenting values and challenges It identifies parenting practices within

various countries unique historical political and cultural backgrounds reframing parenting as a cultural process whose goals are to encourage culturally specific child behaviors and outcomes Chapters focus on parenting research in a range of countries such as Australia Bolivia China Egypt Guatemala India Rwanda Namibia Saudi Arabia and the United States Chapters also discuss social emotional and physical developmental topics throughout the lifespan including infancy early childhood adolescence emerging adulthood and adulthood Topics featured in this book include The link between cultural differences in academic success to parents academic socialization practices The impact of culturally specific parental engagement in positive developmental outcomes in children Transgender children and their parents The relationship between religious and secular values and their influence on creating polygamous teenagers How to implement a micro cultural lens to studying parent child relationships during emerging adulthood Differences and similarities in grandparenting among different cultures Parents and Caregivers Across Cultures is a must have resource for researchers professors graduate students as well as clinicians professionals and policymakers in the fields of developmental and cross cultural psychology parenting and family studies social work and related disciplines **Perfectly Japanese** Merry White,2002-09-02 Are Japanese families in crisis In this study Merry Isaacs White looks back at two key moments of family making in the past hundred years the Meiji era and postwar period to see how models for the Japanese family have been constructed

Photographs Objects Histories Elizabeth Edwards,Janice Hart,2004-06-01 This innovative volume explores the idea that while photographs are images they are also objects and this materiality is integral to their meaning and use The case studies presented focus on photographs active in different institutional political religious and domestic spheres where physical properties the nature of their use and the cultural formations in which they function make their objectness central to how we should understand them The book s contributions are drawn from disciplines including the history of photography visual anthropology and art history with case studies from a range of countries such as the Netherlands North America Australia Japan Romania and Tibet Each shows the methodological strategies they have developed in order to fully exploit the idea of the materiality of photographic images [Let's Go Japan 1st Ed](#) Let's Go Inc.,2003-12 The Resource for the Independent Traveler For over forty years Let s Go Travel Guides have brought budget savvy travelers closer to the world and its diverse cultures by providing the most up to date information Includes Entries at all price levels with money saving advice for this expensive country Must have tips for planning your trip getting around and staying safe Detailed coverage of food and drink including a Fukuoka noodle tour A crash course in Japanglish to help communicate with locals Extensive coverage of the island paradise of Okinawa Detailed maps of cities towns and the outdoors Featuring not to be missed Experiences Cultural Connections Sink into sake at a spectacular bathhouse theme park Inside Scoops Hidden Deals Save thousands of yen on flights within Japan Off the Beaten Path Sip pineapple wine at the blissful Nago Pineapple Park Get advice read up and book tickets at www.lets-go.com **Japan's Changing Generations** Gordon Mathews,Bruce

White,2012-10-02 This book argues that the generation gap in Japan is something more than young people resisting the adult social order before entering and conforming to that order Rather it signifies something more fundamental the emergence of a new Japan which may be quite different from the Japan of postwar decades It argues that while young people in Japan in their teens twenties and early thirties are not engaged in overt social or political resistance they are turning against the existing Japanese social order whose legitimacy has been undermined by the past decade of economic downturn The book shows how young people in Japan are thinking about their bodies and identities their social relationships and their employment and parenting in new and generationally contextual ways that may help to create a future Japan quite different from Japan of the recent past

The Japanese Professor Gregory S. Poole,2010-01-01 This monograph is a substantial contribution to our knowledge of the internal workings of a Japanese university focussing on the world view of the professor In this anthropological case study of a private university in urban Tokyo conducted through extended participant observation Gregory Poole at once both an insider and outsider tells an ethnographic story that explicates a professoriate s working world The author addresses one basic problem how do Japanese professors configure their working world In answering this research question he demonstrates how the present climate of competition and restructuring means that faculty members in Japan are faced with the challenge of culturally translating largely western concepts of the university while steadfastly preserving their own local culture of higher education

Japanese Culture and Communication Ray T. Donahue,1998 A textbook for students in Japanese communication or international studies assuming no previous background in Japanese language or culture Donahue Japanese studies Nagoya Gakuin U Japan first surveys the perceptual barriers to communicating between Japan and North America then examines the Japanese communication style differences in discourse and images of the Japanese in the mass media Annotation copyrighted by Book News Inc Portland OR

Linking Community and Corrections in Japan Elmer Hubert Johnson,Carol H. Johnson,2000 COMPLETING ELMER H JOHNSON S impressive three volume examination of corrections in Japan Linking Community and Corrections in Japan written with the assistance of Carol H Johnson focuses on the Rehabilitation Bureau s responsibilities regarding probation parole and aftercare as well as the Correction Bureau s role in Japan s version of community oriented corrections In Linking Community and Corrections in Japan Johnson first outlines the tasks of the Rehabilitation Bureau then turns to historic and contemporary views of community and corrections In discussions of the probation and parole system for both adults and juveniles he describes in detail the Japanese version of supervision and the return of prisoners to the community One strength of this study is Johnson s impartiality As an investigator he functions as a friend of the court an adviser who is free to conduct an objective pursuit of the fundamental strengths and shortcomings of the Japanese prison system He also follows the Foucauldian dictum With the prisons there would be no sense of limiting oneself to discourses about prisons just as important are the discourses which arise within the prison the decisions and regulations which are among its constituent elements its means of functioning along

with its strategies Johnson provides sixty tables two charts and nineteen black and white illustrations *Area Bibliography of Japan* Ria Koopmans-de Bruijn,1998 Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art feminism and linguistics to corporate culture history and medicine Includes books published since 1980 that are related to the geographical area of Japan and to Japanese culture within that area *Housewives of Japan* O. Goldstein-Gidoni,2012-06-04 Drawing on a unique ethnographic inquiry Ofra Goldstein-Gidoni explores the complexities of the relationship between socially and culturally constructed roles bestowed on Japanese women by a variety of state agents including the market and the media and the real lives of these women **Seven Going on Seventeen** Jacqueline Reid-Walsh,2005 The tween is the new girl on the block in girlhood studies Although the study of tween life may have derived from a particular marketing orientation at the end of the twentieth century it is not limited by it On the contrary this collection of essays shows that tween is not a simple or unified concept nor is it limited to a certain class of girls in a few countries This collection by an international group of authors highlights specific methodologies for working with and studying tween age girls provides challenges to the presumed innocence of girlhood and engages in an analysis of marketing in relation to girlhood In so doing this book offers a reading on these three or four years in a girl's life that suggests that this period is as fascinating as the teen years and as generative in its implications for girlhood studies as studies of both younger and adolescent girls **Understanding Japanese Society** Joy Hendry,2012-10-02 With the ever growing contact between Japan and the rest of the world comes an increasingly important need to understand a society that is fascinating but still often confusing to the outsider In this brand new fourth edition of *Understanding Japanese Society* Joy Hendry brings the reader up to date both with recent changes as Japan hit the world headlines under the triple 2011 disasters and with underlying continuities in ways of thinking that have matured over a long history of dealing with foreign influences and an unpredictable environment This welcome new edition of Hendry's bestselling introductory textbook provides a clear accessible and readable introduction to Japanese society which does not require any previous knowledge of the country Fully updated revised and expanded the fourth edition contains new material on the effects of the earthquake tsunami and nuclear disasters of 2011 a renewed interest in politics and popular participation increased frequency of local spiritual support as unemployment continues to grow and marriage gets later and later the effects of a dramatic drop in the birth rate on Japan's education system the continuing global success of Japanese animation manga and computer games despite a turn away from international travel the cool new Ainu the attraction of healing Okinawa and changes among other Japanese minorities a new role for Japanese fathers in child rearing This book will be invaluable to all students studying Japan It will also enlighten those travellers and business people wishing to gain an understanding of the Japanese people *The Changing Face of Japanese Retail* Louella Matsunaga,2012-09-10 This book examines employment structure working practice and recruitment strategies in Japanese retail in the 1990s through a case study of one large chain store Issues focused on include gender in

the workplace changing notions of corporate community and the impact of Japan's recent recession. In particular, the research presented here challenges the view of part-time female staff as peripheral to the workforce and asks whether a rethink of the Japanese employment system is now overdue.
