## **Materializing Bakhtin The Bakhtin Circle And Social Theory:**

**Materializing Bakhtin** C. Brandist, G. Tihanov, 2000-02-11 This volume brings together nine essays by established and new scholars from Russia Britain and North America to explore the historical contexts and current relevance of the work of the Bakhtin Circle for social theory philosophy history and linguistics *The Bakhtin Circle* Craig Brandist, David Shepherd, Galin Tihanov, 2004-06-26 The Russian philosopher and cultural theorist Mikhail Bakhtin has traditionally been seen as the leading figure in the group of intellectuals known as the Bakhtin Circle The writings of other members of the Circle are considered much less important than his work while Bakhtin's achievement has been exaggerated in proportion to the downgrading of the thinkers with whom he associated in the 1920s This volume which includes new translations and studies of the work of the most important members of the Circle sets out to correct the distortions in the established representations of its activity The original contributions to literary and linguistic theory made by Valentin Voloshinov and Pavel Medvedev but frequently credited to Bakhtin are assessed and the distinctiveness of their approaches is highlighted

*Bakhtin and cultural theory* Ken Hirschkop, David Shepherd, 2024-06-04 An important collection of essays which treats Bakhtin as a provocative theorist whose work must be tested explored and compared with the work of others Contributors assess Bakhtin's contribution to difficult issues of colonialism feminism reception theory and theories of the body amongst others New articles explore the origins previously unacknowledged of Bakhtin's theory of language and provide a vivid account of the dramatic scandal surrounding Bakhtin's thesis on Rabelais Contains dramatic new material drawn from post perestroika sources which demythologizes the image of this important writer A new bibliographical essay and introduction bring the English language reader up to date with the progress of Bakhtin studies in Russia **The Bakhtin Circle** Craig Brandist, 2002-05-20 The group of intellectuals that surrounded literary theorist Mikhail Bakhtin has come to be known as the Bakhtin Circle and have come to be quite influential in the field of cultural criticism Brandist Bakhtin Centre Sheffield U UK examines the sources of their thinking arguing that they were significantly less innovative in thought than many might suppose He characterizes the Circle's contribution as an ongoing engagement with several intellectual traditions attempting to put that engagement into the context of the social and political circumstances surrounding them Distributed by Stylus Publishing Annotation copyrighted by Book News Inc Portland OR *Towards a New Material Aesthetics* Alastair Renfrew, 2017-12-02 Set in the context of the various materialist approaches to literary aesthetics that emerged in the twentieth century Renfrew's study presents a new synthesis of the work of Mikhail Bakhtin 1895 1975 and his circle Russian Formalism and elements of the official ideology of the early Soviet period The book's central aim in offering such a synthesis is to negotiate the poles of postmodernist subjectivism and traditional materialism around which much current literary and critical theory has stagnated and as the title suggests to point the way towards a newly conceived material basis for textual and literary analysis **Bakhtin and the Social Moorings of Poetry** Donald Wesling, 2003-07 This book rescues Bakhtin

from his overstatements concerning poetry and gives the theoretical and practical basis for reading poems with the help of Bakhtin's categories of utterance heteroglossia and dialogue. In addition, through this rescue, the book offers a modest but strong foundation for a reading of poetry and indeed of all literary texts where a clash of social positions is fought out on the territory of the utterance. To find a believable poetics of social forms is the order of the day and Donald Wesling's admiring and yet skeptical revision of Bakhtin will be part of the explanation we need. Jacket      **Bakhtin Reframed** Deborah J. Haynes, 2013-03-18. Legendary philosopher and literary critic Mikhail Bakhtin 1895-1975 developed concepts which are bywords within poststructuralist and new historicist literary criticism and philosophy yet have been underutilised by artists, art historians and art critics. Deborah Haynes aims to adapt Bakhtin's concepts, particularly those developed in his later works, to an analysis of visual culture and art practices, addressing the integral relationship of art with life, the artist as creator, reception and the audience, and context, intertextuality. This provides both a new conceptual vocabulary for those engaged in visual culture, ideas such as answerability, unfinalizability, heteroglossia, chronotope and the carnivalesque defined in the glossary, and a new practical approach to historical analysis of generic breakdown and narrative re-emergence in contemporary art. Haynes uses Bakhtinian concepts to interpret a range of art from religious icons to post-Impressionist painters and Russian modernists to demonstrate how the application of his thought to visual culture can generate significant new insights. Rehabilitating some of Bakhtin's neglected ideas and reframing him as a philosopher of aesthetics, *Bakhtin Reframed* will be essential reading for the huge community of Bakhtin scholars as well as students and practitioners of visual culture.      **Reflective Laughter** Lesley Milne, 2004-09-29. The end of the Cold War brought new opportunities to explore the long tradition and myriad uses of humour through over two centuries of Russian literature and culture. *Reflective Laughter* is the first book devoted to an overview of this subject. Bringing together contributions from a number of distinguished scholars from Russia, Europe and North America, this volume ranges from the classics of nineteenth-century literature through to the intellectual and popular comedic culture, both state-sponsored and official, of the twentieth century, taking in journalism, propaganda, scholarly discourse, jokes, films and television. In doing so, it explores how our understanding remains distorted by the polarization of the East and West during the Cold War.      Language in Ernst Bloch's Speculative Materialism Nathaniel Barron, 2023-09-20. Nathaniel Barron offers the first book-length account in English of Ernst Bloch's contribution to a Marxist philosophy of language. It is ambitious both in situating Bloch's ideas in the broader Marxist engagement with language as it currently exists and in using Bloch's utopian categories to challenge that engagement. In particular, Barron reads Voloshinov's insights into language through Bloch's categories and argues that Bloch advances on Voloshinov by offering an understanding of the social materiality of language which is more useful for challenging fascist forms of utterance.      *Going East: Discovering New and Alternative Traditions in Translation Studies* Larisa Schippel, Cornelia Zwischenberger, 2016-12-23. This volume provides a comprehensive overview of various Eastern European traditions of

thought on the subject of translation as well as the discipline of Translation Studies It sheds a light on how these traditions developed how they are related to and how they differ from Western traditions The volume shows nationally framed histories of translation and Translation Studies and presents Eastern European pioneers and trailblazing thinkers in the discipline This collection of articles however also shows that it is at times hard or even impossible to draw the line between theoretical and or scientific thinking and pre theoretical and or pre scientific thinking on translation Furthermore it shows that our discipline s beginnings which are supposedly rooted in Western scholarship may have to be rethought and consequently rewritten
