 evidence that our schools assumed by many to be an equalizing force in U S society are in fact racialized settings that  
 reproduce white advantage to the detriment of all students Drawing on rich longitudinal databases Blau explores the values  
 activities and educational experiences of a sample of young people born a decade or so after the 1964 Civil Rights Act was  
 signed into law She focuses on topics that are both important in students lives and central in schooling attitudes toward  
 integrity and cheating getting into trouble interracial relations learning and going to college Her remarkable findings  
 challenge many assumptions long held by researchers and policymakers *Race in the Schools* combining an accessible style  
 sophisticated methodology and clear policy relevance is a seminal study of the pervasive consequences of race in the U S  
 education system     *Mapping Equity and Quality in Mathematics Education* Bill Atweh,Mellony Graven,Walter Secada,Paola  
 Valero,2011-01-06 Concerns about quality mathematics education are often posed in terms of the types of mathematics that  
 are worthwhile and valuable for both the student and society in general and about how to best support students so that they  
 can develop this mathematics Concerns about equity are about who is excluded from the opportunity to develop quality  
 mathematics within our current practices and systems and about how to remove social barriers that systematically  
 disadvantage those students This collection of chapters summarises our learning about the achievement of both equity and  
 quality agendas in mathematics education and to move forward the debate on their importance for the field     *Teaching*
