*Alfred H. Barr, Jr. and the Intellectual Origins of the Museum of Modern Art* Sybil Kantor, 2003-08-29 An intellectual biography of Alfred H. Barr Jr. founding director of the Museum of Modern Art Growing up with the twentieth century Alfred Barr 1902-1981 founding director of the Museum of Modern Art harnessed the cataclysm that was modernism In this book part intellectual biography part institutional history Sybil Gordon Kantor tells the story of the rise of modern art in America and of the man responsible for its triumph Following the trajectory of Barr's career from the 1920s through the 1940s Kantor penetrates the myths both positive and negative that surround Barr and his achievements Barr fervently believed in an aesthetic based on the intrinsic traits of a work of art and the materials and techniques involved in its creation Kantor shows how this formalist approach was expressed in the organizational structure of the multidepartmental museum itself whose collections exhibitions and publications all expressed Barr's vision At the same time she shows how Barr's ability to reconcile classical objectivity and mythic irrationality allowed him to perceive modernism as an open ended phenomenon that expanded beyond purist abstract modernism to include surrealist nationalist realist and expressionist art Drawing on interviews with Barr's contemporaries as well as on Barr's extensive correspondence Kantor also paints vivid portraits of among others Jere Abbott Katherine Dreier Henry Russell Hitchcock Philip Johnson Lincoln Kirstein Agnes Mongan J. The Symbolist Roots of Modern Art Michelle Facos,2017-07-05 With the words A new manifestation of art was expected necessary inevitable Jean Mor announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Khnopff Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments

*Matisse's Poets* Kathryn Brown,2017-09-21 Throughout his career Henri Matisse used imagery as a means of engaging critically with poetry and prose by a diverse range of authors Kathryn Brown offers a groundbreaking account of Matisse's position in the literary cross currents of 20th century France and explores ways in which reading influenced the artist's work in a range of media This study argues that the *livre d'artiste* became the privileged means by which Matisse enfolded literature into his own idiom and demonstrated the centrality of his aesthetic to modernist debates about authorship and creativity By tracing the compositional and interpretive choices that Matisse made as a painter print maker and reader in the field of book production this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of

Sam Hunter, *The New York Times Book Review* and Balthus: The authoritative account of his life and work. Michael Ravitch, *Newsday* gives us now the idiosyncratic lives of Sterling and Stephen Clark, two of America's greatest art collectors. Heirs to the Singer sewing machine fortune and for decades enemies of each other, he tells the story as well of the two generations that preceded theirs, giving us an intimate portrait of one of the least known of America's richest families. He begins with Edward Clark, the brothers' grandfather who amassed the Clark fortune in the late nineteenth century: a man with nerves of steel, a Sunday school teacher who became the business partner of the wild inventor and genius Isaac Merritt Singer. And by the turn of the twentieth century, he was the major stockholder of the Singer Manufacturing Company. We follow Edward's rise as a real estate wizard, making headlines in 1880 when he commissioned Manhattan's first luxury apartment building. The house was called Clark's Folly; today it's known as the Dakota. We see Clark's son Alfred, enigmatic and famously reclusive, at thirty-eight he inherited 50 million and became one of the country's richest men. An image of propriety, good husband, father of four, in Europe he led a secret homosexual life. Alfred was a man with a passion for art and charity, which he passed on to his four sons, in particular Sterling and Stephen Clark. Sterling, the second oldest, buccaneering and controversial, loved impressionism, created his own museum in Williamstown, Massachusetts, and shocked his family by marrying an actress from the Comédie-Française. Together the Sterling Clarks collected thousands of paintings and bred racehorses. In a highly public case, Sterling sued his three brothers over issues of inheritance and then never spoke to them again. He was one of the central figures linked to a bizarre and little-known attempted coup against Franklin Delano Roosevelt's presidency. We are told what really happened and why, and who in American politics was implicated but never prosecuted. Sterling's brother Stephen, self-effacing and responsible, became chairman and president of the Museum of Modern Art and gave that institution its first painting, Edward Hopper's *House by the Railroad*. Thirteen years later, in an act that provoked intense controversy, Stephen dismissed the Museum's visionary founding director Alfred Barr, who for more than a decade had single-handedly established the collection and exhibition programs that determined how the art of the twentieth century was regarded. Stephen gave or bequeathed to museums many of the paintings that today are still their greatest attractions. With authority, insight, and a flair for evoking time and place, Weber examines the depths of the brothers' passions, the vehemence of their lifelong feud, the great art they acquired, and the profound and lasting impact they had on artistic vision in America. Early Modernism Christopher Butler, 1994. *Early Modernism* is a uniquely integrated introduction to the great avant-garde movements in European literature, music, and painting at the beginning of this century, from the advent of Fauvism to the development of Dada. In contrast to the overly literary focus of previous studies of modernism, this book highlights the interaction between the arts in this period. It traces

the fundamental and interlinked re examination of the languages of the arts brought about by Matisse Picasso Schoenberg Eliot Apollinaire Marinetti Ben and many others which led to radically new techniques such as atonality cubism and collage These changes are set in the context both of the art that preceded them and of a new and profound shift in ideas Theories of the unconscious the association of ideas primitivism and reliance upon an expressionist intuition led to a reshaped conception of personal identity and Butler examines the representation of the modernist self in the work of figures including Mann Joyce Conrad and Stravinsky Accessible and wide ranging the book is lavishly illustrated with over sixty illustrations many in color It provides an elegant and incisive guide to a momentous period in the history of European art Monet to Moore Richard R. Brettell, Chicago. Sara Lee Collection, Natalie Henderson Lee, Singapore Art Museum, Singapore Museum of Art, Sara Lee Corporation, National Gallery of Australia (Canberra), North Carolina Museum of Art, Art Institute of Chicago, Portland Art Museum (Portland, Or.), 1999-01-01 This Millennium Gift is the largest single gift to the arts in American history and the first to include institutions outside the United States BOOK JACKET *The Age of the Avant-garde* Hilton Kramer, 2017-07-12 Hilton Kramer well known as perhaps the most perceptive courageous and influential art critic in America is also the founder and co editor with Roger Kimball of The New Criterion This comprehensive book collects a sizable selection of his early essays and reviews published in Artforum Commentary Arts Magazine The New York Review of Books and The Times and thus constituted his first complete statement about art and the art world The principal focus is on the artists and movements of the last hundred years the Age of the Avant Garde that begins in the nineteenth century with Realism and Impressionism Most of the major artists of this rich period from Monet and Degas to Jackson Pollock and Claes Oldenburg are discussed and often drastically reevaluated A brilliant introductory essay traces the rise and fall of the avant garde as a historical phenomenon and examines some of the cultural problems which the collapse of the avant garde poses for the future of art In addition there are chapters on art critics museums the relation of avant garde art to radical politics and on the growth of photography as a fine art This collection is not intended to be the last word on one of the greatest as well as one of the most complex periods in the history of the artistic imagination The essays and reviews gathered here were written in response to particular occasions and for specific deadlines in the conviction that a start in the arduous task of critical revaluation needed to be made not because a critical theory prescribed it but because our experience compelled it **Art Books** Wolfgang M.
