Muhammad : a biography of the prophet Karen Armstrong, 1991

Muhammad Karen Armstrong, 2023-06-15 A life of the prophet Muhammad by bestselling author Karen Armstrong Armstrong has a dazzling ability she can take a long and complex subject and reduce it to its fundamentals without over simplifying SUNDAY TIMES One of our best living writers on religion FINANCIAL TIMES Not just a sympathetic book that would dispel the misconceptions and misgivings of its western readers but also a book that is of considerable importance to Muslims MUSLIM NEWS Most people in the West know very little about the prophet Muhammad The acclaimed religious writer Karen Armstrong has written a biography which will give us a more accurate and profound understanding of Islam and the people who adhere to it so strongly Muhammad also offers challenging comparisons with the two religions most closely related to it Judaism and Christianity Life of Muhammad Bashīruddīn Maḥmūd Aḥmad, 1990 A popular edition of an account of the life of the Prophet of Islam described as the most influential man in the history of the world An orphan beckoned to the Call persecuted by neighbors driven from his home with a price tag on his head quickly establishing a strong community of believers ready to die for his teachings and finally returning triumphantly only to forgive his tormentors This biography does not merely recount the major events and turning points of Muhammad s life but helps the reader draw a code for himself from the many walks of life through which Muhammad traversed No one can afford to read this detailed and fascinating account and not be influenced by it Yet Muhammad s life has always been an open book pieced together by followers who observed everything he did This book certainly opens up this life in a wonderful manner

The Biography of Muhammad Gregor Schoeler, 2010-10-18 This book considers the Arabic biographies of Prophet Muhammad the earliest of which dates from two centuries after his life These biographies prized by Muslims have been approached in the Western study of Islam from a range of positions Some scholars reject them entirely seeing in them products of the Muslim community s idealisation of its history while others accept them at face value reasoning that if not exact versions of events the events could not have differed too much from their descriptions The author revisits the debate and reconsiders several key incidents in the life of the Prophet By compiling an extensive corpus of materials and comparing them closely this book analyses the transmission and the contents of the accounts It shows that by understanding clearly the interaction in early

Islam between written and oral modes of transmission and by the judicious sieving of the accounts as well as the lines of transmission we can sometimes reach back to that generation of Muslims who though not themselves witness to the events were younger contemporaries of those who were Establishing a solid basis for the informed study of Muhammad s biography and adding to the ongoing debate this book will appeal to scholars of early Islam history and theology **It's All about Muhammad** Frank W Burleigh, 2014-07-15 Why all the car bombs beheadings and mass murders in the Middle East Why the relentless killing of non Muslims throughout the world by the followers of Muhammad s religion People blame verses of the Koran but it s not about the Koran Author F W Burleigh draws on an academic investigative and literary background to bring forth this penetrating look at the man behind it all Burleigh s interest in Islam was sparked by the events of 9 11 The question guiding his studies was Why is there so much violence connected with this religion After a line by line scrutiny of 20 000 pages of the original literature of Islam the author gives his blunt assessment in the title It s All About Muhammad Islam is anything but a religion of peace as many claim and this is because Muhammad was anything but a man of peace In this illustrated biography Burleigh makes use of a skillful narrative style to present evidence that Muhammad was an epileptic psychopath whose disorders led him down the path of pathological evil The book stunningly reveals that in the course of spreading his religion Muhammad committed nearly every crime listed by the International Criminal Court as a crime against humanity What he created Islam is a reflection of his pathologies It s All About Muhammad is in three parts The first 12 chapters explore the epileptic fits that convinced Muhammad that he was in communion with God the Koran and why he composed it the way he did and the humble origins of the Kabah which only attained its cubic shape in the year A D 605 with Muhammad as a member of the construction crew The book shows the magma chamber of hatred that formed in him due to traumatic early life experience and the emergence of his psychopathic nature It exposes how he modified ideas he took from Judaism and Christianity to suit his grandiose idea of himself as the last and final prophet It shows that his deluded ideas about himself led him to declaration of war against all and sundry who refused to accept him and his religion In the second part Muhammad s magma chamber of hatred erupts on the world The book goes into the creation of his al Qaeda his base of operations in Yathrib Medina where he fled after the Meccans decided they had to kill him It shows his conflict with the Jewish tribes of Yathrib after they refused to accept him as their prophet his genocide of the Jews including the beheading of the men of an entire tribe the assassination of his critics the battles and raids and orgies of rape plunder and slaughter and finally his conquest of Mecca Like a dramatic arc these 18 chapters form Act II of a script that is still being played out today In the final part Muhammad s ruthless conquest of all of Arabia is presented One of the final chapters explores his claim that he will be the first to be resurrected on the day of resurrection and that he will assist God in determining who goes to heaven and who stays in hell part of the breathtaking nonsense of what Muhammad claimed about himself as the author phrases it What Muhammad created continues to wreak havoc on the world It is not sufficient any longer merely to raise the alarm

about Islam an ideology of submission to the will of a psychologically deformed and spiritually grotesque man What needs to accompany the alarm is a solution This book offers a solution The antidote to what Muhammad created is the aggressive relentless and unapologetic exposure of the truth about him in every graphic form possible from illustrated books to docudramas to full length feature films With its 25 illustrations It s All About Muhammad offers itself as an example of the approach The truth about Muhammad is a powerful weapon of self defense that people must take up to oppose and ultimately push back what he created The truth about him can bring an end to what he created and it is a weapon within the reach of everyone
