Embodied Dependencies and Freedoms Julia A.B. Hegewald, 2023-03-20 Have you ever thought about dependencies in Asian art and architecture Most people would probably assume that the arts are free and that creativity and ingenuity function outside of such reliances However the 13 chapters provided by specialists in the fields of Asian art and architecture

in this volume show that those active in the visual arts and the built environment operate in an area of strict relations of often extreme dependences Material artefacts and edifices are dependent on the climate in which they have been created on the availability of resources for their production on social and religious traditions which may be oral or written down and on donors patrons and the art market Furthermore gender and labour dependencies play a role in the creation of the arts as well Despite these strong and in most instances asymmetrical dependencies artists have at all times found freedoms in expressing their own imagination vision and originality This shows that dependencies and freedoms are not necessarily strictly separated binary opposites but that at least in the area of the history of art and architecture in Asia the two are interconnected in what are often complex and multifaceted layers

Dancing in the Shadows Madeline Jimenez, 2024-12-05 In Chicago s vibrant Little Village the air pulses with the rhythm of salsa bachata and the dreams of its residents Rosie Delgado a former ballet prodigy haunted by a silent past has traded pointe shoes for the raw energy of street dance finding solace in her sun drenched studio a haven for at risk youth Here dance is more than movement it s a lifeline a language of hope woven into the fabric of the community Mateo Vargas a gifted but troubled student embodies the struggles Rosie faces daily His natural grace masks a life caught in the crossfire of escalating gang violence Rosie sees in him a reflection of her younger self a flicker of potential threatened by the encroaching shadows Into this vibrant precarious world steps Ahmed El Sayed a social worker whose quiet strength resonates in the gentle cadence of his voice Captivated by Rosie s fire and the defiant spirit she ignites in her students Ahmed finds himself drawn into her orbit discovering an unexpected solace in the fiery rhythms of salsa a language that unlocks passions he keeps carefully hidden Together Rosie and Ahmed envision a vibrant dance showcase a fusion of Cuban rumba Egyptian zaffa and the myriad rhythms that echo through Chicago s streets But their shared dream faces mounting threats Mateo s situation worsens as the gang s grip tightens The looming shadow of gentrification threatens to displace them all jeopardizing the studio s very existence And the ghosts of Rosie s past resurface sharp and jagged threatening the fragile trust she s placed in Ahmed As his traditional Egyptian family arrives Ahmed finds himself torn between the comfort of his heritage and the intoxicating pull of a future with Rosie a future that seems

increasingly impossible As the showcase approaches the pressures converge into a storm Mateo makes a desperate choice escalating the danger Rosie withdraws her fear a wall against Ahmed s gentle attempts to reach her The cultural chasms that once drew them together now threaten to swallow their love whole The culminating performance becomes a battleground a fight not just for their students dreams but for their own Rosie fueled by a renewed sense of purpose pours her pain and resilience into a breathtaking performance her voice finally breaking free Ahmed inspired by her courage confronts his family choosing love over tradition

Strange Footing Seeta Chaganti, 2018-05-30 For premodern audiences poetic form did not exist solely as meter stanzas or rhyme scheme Rather the form of a poem emerged as an experience one generated when an audience immersed in a culture of dance encountered a poetic text Exploring the complex relationship between medieval dance and medieval poetry *Strange Footing* argues that the intersection of texts and dance produced an experience of poetic form based in disorientation asymmetry and even misstep Medieval dance guided audiences to approach poetry not in terms of the body's regular marking of time and space but rather in the irregular and surprising forces of virtual motion around ahead of and behind the dancing body Reading medieval poems through artworks paintings and sculptures depicting dance Seeta Chaganti illuminates texts that have long eluded our full understanding inviting us to inhabit their strange footings askew of conventional space and time *Strange Footing* deploys the motion of dance to change how we read medieval poetry generating a new theory of poetic form for medieval studies and beyond
