Astrology and Psychic Phenomena Andre Kole, Terry Holley, 2016-09-06 Astrology Tarot cards Ouija boards spiritism psychic healing palm reading and old fashioned fortune telling now called psychic consulting all these are popular in America today Psychic hotlines are heavily represented on television with testimonials to their amazing ability to give people accurate details about their past and predictions about their future Are psychics indeed gifted with supernatural powers Andre Kole and Terry Holley show convincingly how the success of these and other paranormal phenomena depends on deceit and slight of hand rather than on genuine supernatural powers This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last

book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

The Haunting of America William J. Birnes, Joel Martin, 2025-06-25 In the tradition of their Haunting of the Presidents national bestselling authors Joel Martin and William J Birnes write The Haunting of America From The Salem Witch Trials to Harry Houdini the only book to tell the story of how paranormal events influenced and sometimes even drove political events In a narrative retelling of American history that begins with the Salem Witch Trials of the seventeenth century Martin and Birnes unearth the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares The authors examine the political history of the United States through the lens of the paranormal and investigate the spiritual events that inspired public policy channelers and mediums who have advised presidents UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiencers deployed to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians The Haunting of America is a thrilling exploration of the often unexpected influences of the paranormal on science medicine law government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Face To Face With The Unknown Sherry Hansen Steiger, 2001-04-15 The line that divides fiction from fact is not always as clear as it may seem Two plus two equals four right But what if just once two plus two equaled five Hard to believe Absolutely But for the young people whose stories are related here that is exactly what happened Each of them experiences something that simply could not be explained For instance two boys forced to spend the night in their car during a bad storm learn the next morning that an eyewitness swears he saw four burly men inside their care scare off a gang But who were the men The boys were alone that night Another time a teen on the way home from a date comes upon strange alien forms in the road ahead He chases after them only to discover humanoid imprints in the grass Not even the local sheriff can explain it Mysterious sightings alien encounters guardian angels ghostly hauntings bizarre visitations In dozens of stories teens relate real life experiences with the unknown

The Spiritual Anatomy of Emotion Michael A. Jawer, 2009-05-21 A cutting edge examination of feelings not thoughts as the gateway to understanding consciousness Contends that emotion is the greatest influence on personality development Offers a new perspective on immunity stress and psychosomatic conditions Explains how emotion is key to understanding out of body

experience apparitions and other anomalous perceptions Contemporary science holds that the brain rules the body and generates all our feelings and perceptions Michael Jawer and Dr Marc Micozzi disagree They contend that it is our feelings that underlie our conscious selves and determine what we think and how we conduct our lives The less consciousness we have of our emotional being the more physical disturbances we are likely to have from ailments such as migraines fibromyalgia chronic fatigue and post traumatic stress to anomalous perceptions such as apparitions and involuntary out of body experiences Using the latest scientific research on immunity sensation stress cognition and emotional expression the authors demonstrate that the way we process our feelings provides a key to who is most likely to experience these phenomena and why They explain that emotion is a portal into the world of extraordinary perception and they provide the studies that validate the science behind telepathic dreams poltergeists and ESP The Spiritual Anatomy of Emotion challenges the prevailing belief that the brain must necessarily rule the body Far from being by products of neurochemistry the authors show that emotions are the key vehicle by which we can understand ourselves and our interactions with the world around us as well as our most intriguing and perennially baffling experiences *The Haunting of Twenty-First-Century America* William J. Birnes, Joel Martin, 2013-12-17 In this companion volume to *The Haunting of America* and *The Haunting of Twentieth Century America* national bestselling authors William J Birnes and Joel Martin explore today s intellectual and spiritual awakening one that is challenging traditional belief systems Birnes and Martin show that though many governments deny the importance of a spiritual component to national policy even the most conservative governments have based social and financial policy decisions on a profound belief in the existence of the paranormal ghosts and spirits From using psychic spying programs to gather intelligence on enemy nations to investigating the use of mind control to impede the abilities of hostile troops the U S government has continuously developed paranormal weapons and tactics alongside their more mundane counterparts U S Presidents from Franklin Pierce through Ronald Reagan regularly relied on the paranormal using trance mediums channelers and astrologists to help plan agendas and travel schedules *The Haunting of Twenty First Century America* is unlike any American history you will ever read it posits that not only is the paranormal more normal than most people think but that it is driving current events to a new Fourth Culture of the twenty first century At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *The Journal of the American Society for Psychical Research* American Society for Psychical Research, 1994 List of members in v 1 6 12 **Fear and Learning** Aalya Ahmad, Sean Moreland, 2013-03-29 This groundbreaking collection of new essays presents critical reflections on teaching horror film and fiction in many different ways and in a variety of academic settings from cultural theory to film studies from women s and gender studies to postcolonialism from critical thinking seminars on the paranormal to the timeless classics of English horror literature Together the essays show readers how the pedagogy of horror can galvanize unsettle and transform classrooms giving us powerful tools with which to consider interwoven issues of identity culture

The Philosophy of Human Nature Howard P. Kainz, 2015-11-05 What exactly is human nature What makes humans different from animals if there is any difference In this book Howard Kainz presents a philosophical analysis of the various concepts of human nature and the many controversies that have surrounded them for centuries He explores issues such as whether human beings are truly free whether human instincts differ from animal instincts and the realities of human maturity

Reincarnation Joel Bjorling, 2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation

Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Mountain Mysteries Larry D. Thacker, 2006-11 A near obsessive pursuit of ghost stories and odd superstitions cranks up this serious study of Appalachian tales of the supernatural and their origin in both old world customs and real historical events An effort to preserve and record one aspect of a dying way of life the book relies on interviews and historic documents to search for the facts behind local lore of murder witchcraft and weird hauntings Several campfire worthy ghost stories are recounted in their entirety including The Swinging Gate of Fern Lake Hollow and an unexpectedly large number of stories about aliens and UFOs provide an interesting comparison of three century old mysteries and those stirred up in comparatively recent times

Opposing Viewpoints Sources Bruno Leone, David L. Bender, 1984

A Dialogue on Opposing Worldviews Joseph Shrock, 2012-09-24 This book comprises the fruits of much deep thinking for decades on the issues discussed The book is very largely a summation of the author's philosophical reading probing analyzing and creative thinking involved in critiquing much philosophical literature and deeply contemplating the implications of all that reading and analyzing This philosophical work touches on a great variety of philosophical questions however the most diligent and persistent analyses revolve around questions concerning the nature of language where reference and meaning reside the nature of human and animal consciousness and how it is that we human

beings can know anything at all Studiosus and Scepticus are the two interlocutors debaters in this very lively discussion Throughout the book they take aim at each other s worldview and they passionately debate the pros and cons of each issue under the fires of critical analysis The debates sometimes get into great technical detail but they never get dull dry or pedantic The intellectual passions of each debater see to it that the dialogue never gets unduly bogged down in tedious details and analyses When Scepticus and Studiosus debate it never gets dull for very long However they do come head on concerning some very difficult and deep philosophical probing and analysis Therefore the reader should be prepared to do some critical thinking even if this thinking can be kept colorful and exciting
