The Available Parent John Duffy, 2011-05-01 Teenagers are left feeling unheard and misunderstood and parents are left feeling bewildered by the changes in their child at adolescence and their sudden lack of effectiveness as parents The parent has become unavailable the teen responds in kind and a negative often destructive cycle of communication begins Well the truth of the matter is you can physically be right next to someone and still not really be available to them If you need them to be something they're not if you are harsh criticizing and judging if your anxiety is center stage then you are not truly available The available parent of a teenager is open to discussion offering advice and problem solving but not insisting on it He allows his child to make some mistakes

setting limits primarily where health and safety are concerned He never lectures he is available but not controlling The available parent is self aware and keeps his own emotions in check when dealing with his teen He is unconditionally loving and accepting and open to new and different ways of thinking As such he is neither cruel nor dismissive ever The available parent is fun and funny and can bring levity to the most stressful situation All of that is to say there are no conditions to his availability it is absolute The available parent fosters an extraordinary teenager We have a tendency today to over parent micro manage and under appreciate our adolescents Imagine for a moment shifting the dynamic in your relationship If you can get there as a parent you can begin to enjoy a healthy satisfying exciting new kind of relationship with your teenager a relationship with a foundation not of fear but of radical optimism Dr John Duffy s *The Available Parent* is a revolutionary approach to taking care of teens and tweens And we can all breathe easier as a thirteenth birthday approaches
