Mediating International Child Abduction Cases Sarah Vigers,2011-10-07 There is growing enthusiasm for the use of mediation to seek to resolve cases arising under the Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction the Convention However despite being endorsed by the conclusions of meetings of experts judicial comment and even legislative changes there have been relatively few cases where mediation has played a significant role It is suggested that the reason underlying this dichotomy between the widespread support for the use of mediation and the current limited practice is that there are several key questions regarding the use of mediation in the context of the Convention which remain to be answered Specifically what is meant by Convention mediation How can a mediation process fit within the constraints of the Convention And why offer mediation in Convention cases given the existing legal framework This book addresses these questions and in so doing seeks to encourage a movement from enthusiasm about the use of mediation in the Convention context to greater practice This title is included in Bloomsbury Professional s Family Law online service

Denied! Failing Cordelia: Parental Love and Parental-State Theft in Los Angeles Juvenile Dependency Court Simon Cambridge,2016-12-05 Pride and Legal Prejudice is the second part of a trilogy covering the author's efforts to parent and advocate for his adopted child with severe attachment issues in both Seattle and Los Angeles Readers will be able to see here how his tenacious efforts to help his daughter would end up being denied or invalidated by the child welfare legal complex in Los Angeles How the author fought with pride against the legal prejudice that he and his daughter endured during their traumatic three year dependency court case in Los Angeles will become the focus of this second volume The author will conclude that reunifying successfully with one's child in any dependency case needs to involve more than just being willing to complete an assigned case plan or keeping up with visitation demands Beyond these worthy goals Cambridge will be exploring the many ways in which a strong and motivated legal team that is just as intent on the goal of reunification as the parent is of paramount importance Cambridge believes that while he was able to retain his parental rights at the end of their long case he and his daughter could have forestalled much lasting trauma if their assigned social workers and therapists had been able to see better and if the presiding commissioner of his case had been less prejudiced The author was left still trying to reach his troubled daughter when their dependency case ended Readers will be able to judge the extent to which he succeeded or made progress in his final volume
