Clinical Pearls of Wisdom: 21 Leading Therapists Offer Their Key Insights Michael Kerman, 2010. Preeminent psychotherapy clinicians offer advice on a variety of topics. This book collects the best of the best in terms of leading therapists who are offering highlights from their years of practice. Topics covered include all those that are most common to therapeutic settings: depression, anxiety, grief, trauma, and treatments for children, adolescents and couples.

**Parenting Pros(e)** Jill Maling, 2010-08-25. **How to Raise Healthy and Happy Children** William B. Wadlington, 2001-04-29. This book is not about diseases, growth and development or immunizations. This book is about childhood behavior, rules to follow, discipline and punishment. The author feels that children learn mainly by mistakes. Let your child pay the consequences, not you. Show continuing love, but don't bail him out of trouble. Love the child, but not his misbehavior. At the time, parents nearly always set the example, good or bad, that their children follow. Going to church, being responsible, but also smoking and drinking. The fruit does not fall far from the tree.

**The Pearl and the Hut Volume II** Yiana Belkalopolos, 2023-01-23 The Pearl and the Hut Volume II explores understandings and higher perceptions around the psychological developments and heart challenges of adult child of divorce. The soul spiritual insights in Rudolf Steiner's human consciousness philosophy Anthroposophy renew a person's humanness in the face of massive and necessary world changes. From the soul psyche orientations of the twenty-one-year-old and the Sentient Soul period of life to the fifty-six-year-old living into the Spirit Self nature, adult children of divorce see ways to navigate complex development stages without bypassing important relationships, feelings, thoughts, and deeds. Biographies, verses, stories, and a selection of life-enhancing practices encourage a person's heart, warm inner nature, and will strength to manage on-going conflicts, overcome neglect, and create the humane soul family that Pearls need. A simple Platonic Solids thinking practice highlights a powerful self-awareness device for Pearls to keep their life forces whole, pull themselves inwardly together in times of emotional and mental overwhelm, and stay grounded during shifting and confusing events. Striving past survival personality, they can cultivate the truly human rights of loving self-acceptance and compassionate togetherness with others.
