

A woman with short dark hair, wearing a black top and a pearl earring, is hugging a young child from behind. The child is smiling and looking down. They are standing in front of a wall with a rough, textured surface of brown and white patches. The scene is warmly lit, creating a sense of affection and support.

*Disciplining Someone Else's Children* Dr. Mattie L. Solomon, 2015-06-05 If this were my child I would This is a familiar phrase commonly heard from someone confronting a discipline issue with someone else's child What do you do when you feel a child left in your care is out of control What do you do when you can't lean on what you felt worked with your own children like a good spanking *Disciplining Someone Else's Children* answers this question by providing strategies that support the emotional and social development of young children while setting limits for a safe learning environment Discipline scenarios are also provided as a tool to examine the interactions between children and teachers and offers an opportunity to use the strategies stipulated to correct undesirable disruptive behavior *Raising Someone Else's Child* Joy Rivers, 2018-05-07 This book is about my life of being a mom and adoptive and foster parent to my sixteen children I go through all the different emotions that a foster or adoptive parent may experience I hope to better prepare them and maybe inform them enough that they can make wise decisions for their family I also share some of my stories over the twenty two years My sharing may save a child in having a better prepared foster parent or save a parent from becoming a foster parent There is a lot of joy in foster parenting but you are taking on a large responsibility The more prepared you can be the better *Raising Other People's Children* Debbie Ausburn, 2021-05-25 *Raising Other People's Children* helps you navigate the complicated world of foster and step parenting with better awareness and greater empathy providing real life solutions for forging strong relationships in extraordinary circumstances Drawing on Debbie Ausburn's decades of experience with every facet of the foster care system *Raising Other People's Children* provides expert guidance viewed through the lens of real human interactions The responsibility and complexity involved in raising someone else's child can seem overwhelming Regardless of whether you're a stepparent foster parent or adoptive parent it is on you to take on the challenge of caring for them helping them to move forward while also meeting their unique emotional needs **The Victimization That We Call Parenting** Kahane Lynes, 2019-10-28 Becoming a parent is the one thing that almost everyone looks forward to but good parental skills is the number one thing that most people are lacking Even though you may believe you are not lacking this trait there are a lot of circumstances in which our children's mental problems go unnoticed you may only see this pop up when it's too late We may think we're good parents right now but little do we know we're the ones responsible for screwing up society and creating rapists murderers and abusers In order for all of this to stop we ourselves have to stop being the victims and find a way to correct our problems *Good Parents Bad Parenting* Lisa Dunning, 2004 Advice to couples aimed at improving communication and reaching consensus on strategies for raising responsible successful children **Grandparenting the Children of Addicted Parents** Janet Bujra, 2019-05-21 There are thousands of grandparents raising their grandchildren in the United Kingdom the majority as a consequence of parental drug use or mental health issues This book recounts the real life stories of grandparent carers who chose to put their own lives on hold so that their loved ones can be properly cared for

Whilst most grandparent carers remain as unsupported informal carers some seek to formalise their position by becoming Social Services Kinship Carers or achieve legal routes to independent care as Special Guardians or with a Child Arrangement Order Whether formal or informal full time grandparent carers face life changing futures Immediate concerns are work child care the behaviour of the child contact with the birth parents and financial support and there is often no clear path to learning their rights and available support There is also the challenge involved in balancing their bonds with their adult children while protecting their grandchildren In this book grandparents talk in detail about these issues and of how professionals and services have at times helped and not helped These candid stories also explore how moving to live with grandparents can be experienced by both child and carer as simultaneously a gain and a loss The stories offer support and the book also includes professional advice to encourage grandparents to acknowledge their value accept their limitations develop realistic expectations about what they can and cannot achieve and recognise that all successes should be celebrated

**Someone Other Than a Mother** Erin S. Lane, 2022-04-26 Theologian Erin S Lane overturns dominant narratives about motherhood and inspires women to write their own stories Is it possible to do something more meaningful than mothering As a young Catholic girl who grew up in the American Midwest on white bread and Jesus Erin S Lane was given two options for a life well lived Mother or Mother Superior She could marry a man and mother her own children or she could marry God so to speak and mother the world s children Both were good outcomes for someone else s life Neither would fit the shape of hers Interweaving Lane s story with those of other women including singles and couples stepparents and foster parents the infertile and the ambivalent Someone Other Than a Mother challenges the social scripts that put moms on an impossible pedestal and shame childless women and nontraditional families for not measuring up You may have heard these lines before Motherhood is the toughest job This script diminishes the work of non moms and pressures moms to make parenting their full time gig It ll be different with your own This script underestimates the love of nonbiological kin and pushes unfair expectations onto nuclear families Family is the greatest legacy This script turns children into the ultimate sign of a woman s worth and discounts the quieter ways we leave our mark With candor and verve Someone Other Than a Mother tears up the shaming social scripts that are bad for moms and non moms alike and rewrites the story of a life well lived one in which purpose is bigger than body parts identity is fuller than offspring and legacy is so much more than DNA **Helping**

arguments about marriage Legally Wed explicates established and involving legal principles and shows how invidiously these have been applied to the issues of gay rights in general and same sex unions in particular **The Angry Child** Brett Novick,2019-09-17 Anger and violence have reached seemingly epidemic proportions within the fabric of our youth From school violence social media to growing oppositional and defiant behaviors within the home anger has surfaced more and more in the lifestyles of our youth What are the answers Should the focus be more on parental enrichment skills or on social and emotional curriculum in school Perhaps greater monitoring of social media among our youth These questions in themselves only point to what is a systemic and increasingly complex problem A multifaceted approach is indeed needed to address this issue before it becomes even more intractable and leads to even greater anger and rage in our next generation
