Parenting Today How To Raise Children In Today's Turbulent Times:

Parenting Today Joni Mitchell, 2005-02 As parents in today's world we are facing constant challenges in trying to raise our children. Children today are more educated and more perceptive. Every day our children are exposed to the tensions created by reports of terrorism, natural catastrophes and economic downturns. With the advent of the Internet, 24-hour news channels and mass media, children often are the first to know when a major event takes place. Even in times of relative calm, you need a strong set of skills to help your child grow into a healthy adult. *Parenting Today* is written by a leading authority on raising children. You will learn unique skills, ideas and strategies geared towards helping children in today's difficult times. Individual chapters are devoted to toddlers, young children, pre-teens, teenagers, stepchildren and college students. If you are a parent or grandparent who has taken on the responsibility of raising a child or several children, you will find the concepts presented in *Parenting Today* to be invaluable. Among the important concepts you will learn are how to quickly form that long-lasting bond with your child. Help your children deal with stress. Effectively communicate with teenagers. Take control of a situation with an angry or rebellious child. Deal with friction between parents and children and learn how to eliminate it. Motivate children with rules specific to each age group. Show your children that you love them. Form life-lasting bonds with grown children. Understand the inner thoughts of your children. **Raising Today's Children** Connie Kisuke, 1986 *Kids Don't Come with Instructions*, 2003-11 **The Everything Parent's Guide To The Strong-Willed Child** Carl E. Pickhardt, 2005-08-01 All children need guidance, yet some are definitely more resistant to parental direction and advice than others. Parenting a child whose personality may be described as difficult or controlling can leave you conflicted and frustrated. How do you nurture your child, get him to listen and know who's in charge? It can be done. *The Everything Parent's Guide to the Strong-Willed Child* helps you work around stubborn and argumentative behavior. You'll learn how to encourage your child to compromise and communicate with you rather than make unreasonable demands and/or shut down altogether. By learning what makes your child strong-willed, the effects of such behavior and how to manage it, you can help your child achieve a more tempered disposition and teach him the lifelong rewards of a positive attitude. Psychologist Carl E. Pickhardt shows you how to regain control of your family. Reap the benefits of healthy communication. Discipline to teach, not to punish. Resolve conflict between you and your child effectively. Overcome willfulness in older children. *The Everything Parent's Guide to the Strong-Willed Child* is your all-inclusive guide to regaining and maintaining a healthy and happy family.
