## **Parenting Today:**

*Parenting Today* Joni Mitchell, 2005-02 As parents in today's world we are facing constant challenges in trying to raise our children. Children today are more educated and more perceptive. Every day our children are exposed to the tensions created by reports of terrorism, natural catastrophes and economic downturns. With the advent of the Internet, 24-hour news channels and mass media, children often are the first to know when a major event takes place. Even in times of relative calm, you need a strong set of skills to help your child grow into a healthy adult. *Parenting Today* is written by a leading authority on raising children. You will learn unique skills, ideas and strategies geared towards helping children in today's difficult times. Individual chapters are devoted to toddlers, young children, pre-teens, teenagers, stepchildren and college students. If you are a parent or grandparent who has taken on the responsibility of raising a child or several children, you will find the concepts presented in *Parenting Today* to be invaluable. Among the important concepts you will learn are how to quickly form that long-lasting bond with your child, help your children deal with stress, effectively communicate with teenagers, take control of a situation with an angry or rebellious child, deal with friction between parents and children and learn how to eliminate it, motivate children with rules specific to each age group, show your children that you love them, form life-lasting bonds with grown children, understand the inner thoughts of your children. *Parenting Today's Teens* Mark Gregston, 2018-09-04 *Parenting today's teens* is not for cowards. Your teenager is facing unprecedented and confusing pressures, temptations and challenges in today's culture. Mark Gregston has helped teens and their parents through every struggle imaginable and now he shares his biblical practical insights with you in bite-size pieces. Punctuated with Scriptures, prayers and penetrating questions, these one-page devotions will give you the wisdom and assurance you need to guide your teen through these years and reach the other side with relationships intact. **Parenting Today's Adolescent** Dennis Rainey, Barbara Rainey, Bruce Nygren, 2002-03-03 Normally confident moms and dads grow weak-kneed when their children enter gasp puberty. Barbara and Dennis Rainey, parents of six teenage or older children, map out the unfamiliar, demanding landscape of both pre-adolescence (ages 10-12) as well as the teen years that follow. Pre-adolescence is when convictions are shaped; adolescence is when convictions are tested. They advise parents. In *Parenting Today's Adolescent*, the Raineys help children and parents build a satisfying relationship while forging a vision for a productive, God-honoring life before, during and after adolescence. This targeted Positive Discipline guide gives parents the tools to parent effectively without sacrificing their well-being or giving up on their life goals. Instead of creating unachievable expectations you will instead learn to play to your strengths at work and at home. You'll integrate your seemingly disparate areas of life and use Positive Discipline to make the most out of your time, energy, and relationships. By helping you get to the bottom of the underlying causes of misbehavior, busy parents will also be able to avoid pampering and keep permissive and punitive parenting at bay. Instead of feeling fragmented and guilty you'll have the presence of mind to explore what works best for you and your family. Attitude is key; we'll help you feel confident in your parenting abilities and your professional choices, making your children more likely to adopt an attitude of self-reliance and cooperation. Armed with communication strategies and tips for self-reflection, moms and dads won't have to feel guilty about leaving their child with a sitter during the day or leaving work early to go to a soccer game.
