Parenting From Your Heart:

Parenting from Your Heart Inbal Kashtan,2003 The challenges of parenting are addressed with real world solutions that meet the needs of all family members *Parenting from Your Heart* Norman Shub,2004-03-01 This guide is not an instruction manual As a parent you need to understand that a manual offering tactics and specific steps to take in specific situations would not help you Rather I offer you a guiding philosophy that will inform you and allow you to meet each situation with a set of principles that will help you guide your behavior It will help you the parent understand and develop the skills necessary to be a successful parent Those skills are the ones that parents need to possess in order to open that channel or to create that connection between them and their children Lastly this guide involves your willingness as a parent to focus on yourself rather than studying a set of specific ideas to follow by rote in specific situations I want you to focus on yourself When something goes wrong or when the parents are confused they focus on the child They try to devise strategies for dealing with their children Most parents find this is an extremely frustrating experience Our goal is to redirect parents attention away from devising strategies for dealing with their children It is to get them thinking more about themselves and the changes that they need to make in order to be the parents they want to be The more that you learn about yourself the more the experience between you and your child will be a meaningful one *I Heart Parenting* H. Wallace

Webster,2012-10-18 If you have ever looked into the eyes of a parent who is heartbroken over a wayward child then you have seen one of the worst types of pain imaginable When the parent comes to that point there is little you can do As a pastor I have seen that look in far too many parents eyes I have prayed with them cried with them and listened to them as they shared their pain This book is written to help keep parents from ever having to endure that pain If you can capture the hearts of your children early it can prevent them from breaking your heart later That battle is worth waging and it can be won Learn how to win the hearts of your kids to the Lord so that He may use them for His glory and your joy **Parenting: 14 Gospel**
