Cases on Innovative and Successful Uses of Digital Resources for Online Learning Sullivan, Pamela, Sullivan, Brian, Lantz, Jessica, 2022-03-11 Education at all levels will continue to be dominated by technology for the foreseeable future The rush to respond to the health concerns of the pandemic led to a mass adoption of online learning tools without careful consideration and placement within a conceptual framework that would have occurred prior to adoption in best practice scenarios Cases on Innovative and Successful Uses of Digital Resources for Online Learning evaluates and describes successful initiatives in remote and hybrid learning during the pandemic disruption to traditional schooling for early childhood through college and job training levels During the pandemic disruption remote and hybrid tools were adopted rapidly without the benefit of careful utilization This text conducts that careful consideration in the past tense Covering topics such as artificial intelligence connected learning and educational simulation games this book is an excellent reference for educators of K 12 and higher education school faculty and administrators researchers pre service teachers policymakers and academicians

Successful Inclusion Carol A. Kochhar-Bryant, Carol Kochhar, Lynda L. West, Juliana M. Taymans, 2000 Written in a user friendly tone this text s powerful combination of versatility practicality and a positive message offers solid help as well as useful perspectives for those challenged to provide educational opportunities in inclusive settings Based on the philosophy that inclusion is good for all children Successful Inclusion moves beyond the notion of collaboration to placing the primary responsibility for successful inclusion on the general education teacher and school administrators not special education teachers It provides numerous practical tools that help readers examine their own attitudes and beliefs about inclusion and provides tools they can use in teaching to apply inclusion principles as well as strategies to overcome the barriers to inclusion Presents an overview Analyzes different perspectives on inclusion Includes a ten step practical process Contains data on the effectiveness of inclusion Discusses the legal requirements for parent involvement Introduces readers to the range of inclusion placement options For readers with an interest in inclusion

Designing Teaching Strategies R. Douglas Greer, 2002-09-14 The US Dept of Education in conjunction with the US Dept of Health and Human Services recently unveiled a 50 million effort to expand research on early childhood cognitive development A key issue identified requiring more information and research

was the education and professional development of educators Along these lines Doug Greer has prepared a book discussing how best to teach how to design functional curricula and how to support teachers in using state of the art science instruction materials The book provides important information both to trainers of future teachers current teachers and to supervisors and policy makers in education To trainers there is information on how to motivate mentor and instruct in service teachers to use the best scientifically based teaching strategies and tactics To in service teachers there is information on how to provide individualized instruction in classrooms with multiple learning and behavior problems school interventions to help prevent vandalism and truancy and how curricula and instruction can be designed to teach functional repertoires rather than inert ideas To policy makers and supervisors the book discusses how to determine the effectiveness of curricular initiatives toward meeting mandated standards in national assessments Doug Greer was recently awarded the Fred S Keller Award for Distinguished Contributions to Education by APA for the research and application of the material covered in this book School programs incorporating the material used in this book have produced 4 7 times more learning outcomes for students than control and baseline educational programs see www.cabas.com The book provides research based and field tested procedures for Teaching students of all ability levels ranging from preschool to secondary school How to teach special education students in the context of a regular classroom Best practices for all teachers to teach more effectively Means of monitoring and motivating teachers practices A comprehensive and system wide science of teaching post modern postmodern Tested procedures that result in four to seven times more learning for all students Tested procedures for supervisors to use with teachers that result in significant student learning Tested procedures for providing the highest accountability A systems approach for schooling problems that provide solutions rather than blame Parent approved and parent requested educational practices Means for psychologists to work with teachers and students to solve behavior and learning problems A comprehensive systems science of schooling An advanced and sophisticated science of pedagogy and curriculum design Students who are not being served with traditional education can meet or exceed the performance of their more fortunate peers Supervisors can mentor teachers and therapists to provide state of the science instruction Parent education can create a professional setting for parents educators and therapists to work together in the best interests of the student Teachers and supervisors who measure as they teach produce significantly better outcomes for students Systemic solutions to instructional and behavioral problems involving teachers parents supervisors provide means to pursue problems to their solution A science of teaching as opposed to an art of teaching can provide an educational system that treats the students and the parents as the clients
