Horowitz, Amira Bojadzija-Dan, Julia Creet, 2021-05-01 The essays in *Shadows in the City of Light* explore the significance of Paris in the writing of five influential French writers Sarah Kofman Patrick Modiano George Perec Henri Raczymow and Irene Nemirovsky whose novels and memoirs capture and probe the absences of deported Paris Jews These writers move

their readers through wartime and postwar cityscapes of Paris walking them through streets and arrondissements where Jews once resided looking for traces of the disappeared The city functions as more than a backdrop or setting Its streets and buildings and monuments remind us of the exhilarating promise of the French Revolution and what it meant for Jews dreaming of equality But the dynamic space of Paris also reminds us of the Holocaust and its aftermath The shadowed paths traced by these writers raise complicated questions about ambivalence absence memory secularity and citizenship In their writing the urban landscape itself bears witness to the absent Jews and what happened to them For the writers treated in this volume neither their Frenchness nor their Jewishness is a fixed point Focusing on Paris's dual role as both a cultural hub and a powerful symbol of hope and conflict in Jewish memory the contributors address intersections and departures among these writers Their complexity of thought artistry and depth of vision shape a new understanding of the impact of the Holocaust on Jewish and French identity on literature and literary forms and on the development of Jewish secular culture in Western Europe

*A Taste of Paris* David Downie, 2017-09-26 Skillfully combines culinary history with reports from the city's most tasteful arrondissements blends the past with the present in gorgeous style The New York Times In his trademark witty and informative style David Downie embarks on a quest to discover What is it about the history of Paris that has made it a food lover's paradise Long before Marie Antoinette said Let them eat cake actually it was brioche the Romans of Paris devoured foie gras and live oysters rushed in from the Atlantic one Medieval cookbook describes a thirty two part meal featuring hare stew eel soup and honeyed wine during the last great banquet at Versailles a year before the Revolution the gourmand Louis XVI savored thirty two main dishes and sixteen desserts Following the contours of history and the geography of the city Downie sweeps readers on an insider's gourmet walking tour of Paris and its environs in *A Taste of Paris* revealing the locations of Roman butcher shops classic Belle Epoque bistros serving diners today and Marie Antoinette's exquisite vegetable garden that still supplies produce no longer to the unfortunate queen but to the legendary Alain Ducasse and his stylish restaurant inside the palace of Versailles Along the way readers learn why the rich culinary heritage of France still makes Paris the ultimate arbiter in the world of food A joyous romp through time Alice Waters James Beard Award winning chef founder Chez Parnisse A gastronomic jaunt through the city that tells how Paris distinguished itself as a world capital of eating Eleanor Beardsley NPR's Paris Correspondent A delightful thoroughly researched culinary history Publishers Weekly

*A Wanderer in Paris* Edward Verrall Lucas, 1918 *A Cartography of Resistance* Keith Grint, 2024-07-30 Resistance is universal but why does it occur and fail or succeed Resistance is often regarded in traditional management books as a problem to be overcome because it is seen as short sighted or self interested Grint suggests however that resistance is not necessarily right or wrong From resistance to the Roman Empire to slavery to the Nazis to racism to the state and capital to patriarchy and to imperialism this book ranges across time and place to explain the success or failure of resistance While many contemporary approaches focus on leadership as the explanatory variable *A Cartography of Resistance* expands the

approach to include management and command of resistance movements and of their opponents Many of the case studies explore the failures as well as the successes of resistance and the book suggests that even the failures reveal a fundamental truth about the human condition just because the situation looks bleak for those suffering from oppression does not mean they surrendered meekly Rather many seemed to adopt the same attitude that led Sisyphus to keep rolling the boulder up the hill they were determined not to let their situation define or defeat them
