Committee on Resources of American Libraries. National Union Catalog Subcommittee,1978 **Arguing about Empire** Martin Thomas,Richard Toye,2019-02-21 Arguing about Empire analyses the most divisive arguments about empire between Europe s two leading colonial powers from the age of high imperialism to the post war era of decolonization Focusing on the domestic contexts underlying imperial rhetoric Arguing about Empire adopts a case study approach treating key imperial debates as historical episodes to be investigated in depth The episodes in question have been selected both for their chronological range their variety and above all their vitriol Some were straightforward disputes others involved cooperation in tense circumstances These include the Tunisian and Egyptian crises of 1881 2 which saw France and Britain establish new North African protectorates ostensibly in co operation but actually in competition the Fashoda Crisis of 1898 when Britain and France came to the brink of war in the aftermath of the British re conquest of Sudan the Moroccan crises of 1905 and 1911 early tests of the Entente Cordiale when Britain lent support to France in the face of German threats the 1922 Chanak crisis when that imperial Entente broke down in the face of a threatened attack on Franco British forces by Kemalist Turkey World War Two which can be seen in part as an undeclared colonial war between the former allies complicated by the division of the French Empire between De Gaulle s Free French forces and those who remained loyal to the Vichy Regime and finally the 1956 Suez intervention when far from defusing another imperial crisis Britain colluded with France and Israel to invade Egypt the culmination of the imperial interference that began some eighty years earlier **Heroes and Legends of Fin-de-Siècle France** Venita Datta,2011-04-11 In Heroes and Legends of Fin de Si cle France Venita Datta examines representations of fictional and real heroes in the boulevard theater and mass press during the fin de si cle 1880 1914 illuminating the role of gender in the construction of national identity during this formative period of French history The popularity of the heroic cult at this time was in part the result of defeat in the Franco Prussian War in 1870 as well as a reaction to changing gender roles and collective guilt about the egoism and selfishness of modern consumer culture The author analyzes representations of historical figures in the theater focusing on Cyrano de Bergerac Napoleon and Joan of Arc and examines the press coverage of heroes and anti heroes in the Bazar de la Charité fire of 1897 and the Ullmo spy case of 1907 *British Film Institute Film Classics* Rob White,Edward Buscombe,2003 Bulletin de la Société philomathique de Paris Société philomathique de
