American Modernism Catherine Morley, 2020-07-13 Encompassing writers from Edith Wharton Ezra Pound and T S Eliot to Willa Cather Theodore Dreiser and Gertrude Stein American Modernism Cultural Transactions is a comprehensive and informative companion to the field of American literary modernism This groundbreaking new book explores the changing patterns of American literary culture in the early years of the 20th century in the aftermath of the great American Renaissance when the United States was well on its way to becoming the most economically powerful and culturally influential nation in the world It brings together some of the most eminent British and European scholars to investigate how the United States s unique cultural position is in fact the by product of a range of cultural transactions between the United

States and Europe between the visual and the literary arts and between the economic and aesthetic worlds And it presents a stunning re examination of the social cultural and artistic contours of American modernism from the impact of a liberal Scottish speaker on T S Eliot s considerations of Shakespeare to the generic hybridity of Edith Wharton s writing from the influence of Oscar Wilde on Hart Crane to the effect of Anglo European experimentalism on Native American fiction and much more Through close textual and archival analysis backed up with compelling historical insights these nine new essays explore the nature and limits of American modernism They address such topical issues as geomodernism transnationalism and the nature of American identity they examine the ways writers embraced or rejected the emerging modern world and they take a fresh look at American literature in the broad context of international modernism *Tennessee Williams in Sweden and France, 1945-1965* Dirk Gindt, 2019-01-24 The immediate post war period marks a pivotal moment in the internationalization of American theatre when Tennessee Williams plays became some of Broadway s most critically acclaimed and financially lucrative exports Dirk Gindt offers a detailed study of the production and reception of Williams work on Swedish and French stages at the height of his popularity between 1945 and 1965 Analysing the national openings of seminal plays including *The Glass Menagerie* *A Streetcar Named Desire* *Cat on a Hot Tin Roof* *Orpheus Descending* and *Suddenly Last Summer* Gindt provides rich and nuanced insights into Williams transnational impact In the process he charts a network of fascinating and influential directors actors designers producers and critics all of whom left distinctive marks on mid twentieth century European theatre and culture Gindt further demonstrates how Williams work foregrounded cultural apprehensions racial fantasies and sexual anxieties which resulted in heated debates in the critical and popular media
