The Works of Graham Greene, Volume 2 Mike Hill, Jon Wise, 2015-10-22 Over a 60 year career Graham Greene was a prolific writer While his published works established him as one of the great writers of the twentieth century much of his writing was never to see the light of day and has been gathered together in a number of archives across the UK Ireland USA and Canada The second volume of The Works of Graham Greene is a comprehensive guide to the archives of Greene s writing The book details archival holdings of unpublished novels short stories plays film scripts journals poetry fragments of writing and letters as well as manuscripts and typescripts of published works Analysing and contextualising the unpublished work the book is fully cross referenced throughout and includes a substantial index as well as practical guidance for students scholars and researchers on accessing and making the most of each of the archives **Graham Greene's Catholic**

Imagination Mark Bosco, 2005-02-17 Much has been written about Graham Greene s relationship to his Catholic faith and its privileged place within his texts His early books are usually described as Catholic Novels understood as a genre that not only uses Catholic belief to frame the issues of modernity but also offers Catholicism s vision and doctrine as a remedy to the present crisis in Western civilization Greene s later work by contrast is generally regarded as falling into political and detective genres In this book Mark Bosco argues that this is a false dichotomy created by a narrowly prescriptive understanding of the Catholic genre and obscures the impact of Greene s developing religious imagination on his literary art

British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain , 1992 **The Costa Rican Catholic Church, Social Justice, and the Rights of Workers, 1979-1996** Dana Sawchuk, 2006-01-01 Provides a new understanding of the relationship between Church and State in 20th century Costa Rica Understanding the relationship between religion and social justice in Costa Rica involves piecing together the complex interrelationships between Church and State between priests popes politics and the people This book does just that Dana Sawchuk chronicles the fortunes of the country s two competing forms of labour organizations during the 1980s and demonstrates how different factions within the Church came to support either the union movement or Costa Rica s home grown Solidarity movement Challenging the conventional understanding of Costa Rica as a wholly peaceful and prosperous nation and traditional interpretations of

Catholic Social Teaching this book introduces readers to a Church largely unknown outside Costa Rica Sawchuk has carefully analyzed material from a multitude of sources interviews newspapers books and articles as well as official Church documents editorials and statements by Church representatives to provide a firmly rooted socio economic history of the experiences of workers and the Catholic Church's responses to workers in Costa Rica *Cities of the World* ,1999 A compilation of current information on cultural geographical and political conditions in the countries and cities of six continents based on the Department of State's Post reports *Books in Print* ,1991

Sandinista Nicaragua's Resistance to US Coercion Héctor Perla, Jr,2017-02-17 How was the Sandinista National Liberation Front FSLN of Nicaragua able to resist the Reagan Administration's coercive efforts to rollback their revolution Héctor Perla challenges conventional understandings of this conflict by tracing the process through which Nicaraguans both at home and in the diaspora defeated US aggression in a highly unequal confrontation He argues that beyond traditional diplomatic military and domestic state policies a crucial element of the FSLN's defensive strategy was the mobilization of a transnational social movement to build public opposition to Reagan's policy within the United States thus preventing further escalation of the conflict Using a contentious politics approach the author reveals how the extant scholarly assumptions of international relations theory have obscured some of the most consequential dynamics of the case This is a fascinating study illustrating how supposedly powerless actors were able to constrain the policies of the most powerful nation on earth [The Publishers Weekly](#) ,1989

Nicaragua's Other Revolution Michael Dodson,Laura Nuzzi O'Shaughnessy,2000-11-09 The 1979 rebellion in Nicaragua was the first in modern Latin America to be carried out with the active participation and support of Christians Like all revolutions the Nicaraguan Revolution has provoked controversy and hostility and the Christian presence has been a focal point in the debate In this work Michael Dodson and Laura Nuzzi O'Shaughnessy offer a detailed study of the religious sources of the revolution set against the background of the revolutionary traditions of the United States Nicaragua's Other Revolution places the experience of the Nicaraguan Revolution in a historical framework that extends back to the Protestant Reformation and in an institutional framework that encompasses the whole of Nicaraguan politics Examining the broad process of religious change this work explores how that process interacted with the political struggles that culminated in the revolution Dodson and O'Shaughnessy conclude that the religious values and attitudes arising out of postconciliar renewal in the church contributed powerfully to demands for revolutionary change in Nicaragua In England and America the Protestant Reformation gave a tremendous boost to demands for democratic changes in society and politics This work shows that something similar happened in Catholic Central America in the post Medellín period Changes in religious thought and action were part of and served to reinforce and stimulate a wider movement for social and political change Without denying the importance of Marxism the authors demonstrate that other important influences are at work there Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available

again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Nicaraguan Biographies ,1988 **A Thrilling Narrative** Dennis E. Haynes,2011-11 This Civil War memoir of Capt Dennis E Haynes is both unique and rare Not only did few southern unionists write of their experiences after the war Haynes s is the only publication by a Louisiana unionist Furthermore it is the only account by a member of the First Louisiana Battalion Cavalry Scouts a unit that existed for less than three months and saw its only real action during the Red River Campaign of 1864 Haynes s memoir is a historic collection of his wartime experiences as a unionist in the Confederate South Among his writings Haynes describes how he opposed the secession of Texas and thus became a hunted man He also tells of his harrowing odyssey to reach Union troops in Louisiana Every step of the way Haynes provides details sometimes graphic of the harassment and cruelty he and many others like him suffered at the hands of his Confederate neighbors **Dearborn Independent** ,1926 *Subject Guide to Books in Print* ,1996 *The Living Church* ,1959 **Letter to the Churches from El Salvador** ,1988 *Religious Freedom and Evangelization in Latin America* Paul E. Sigmund,2009-05-01 In his introduction Paul Sigmund states that the growing religious pluralism in Latin America is one of several reasons why the trend toward democracy that has marked the last two decades may endure Nevertheless Sigmund notes that this new pluralism particularly the growth of Protestantism has led to tensions that must be resolved Religious Freedom and Evangelization in Latin America provides an indispensable resource for understanding the range of issues confronting the continent offering Catholic as well as Protestant perspectives and trenchant analyses of the situation in different countries including Brazil Argentina Mexico Nicaragua and Cuba **The Universalist Leader** ,1929
