Parliamentary Army Chaplains 1642 1651

Henry Reece

Parliamentary Army Chaplains 1642 1651:

Parliamentary Army Chaplains, 1642-1651 Anne Laurence, 1990 A comprehensive study of the careers qualifications duties and activities of chaplains serving in all the various parliamentary armies A work of impressive scholarship which will remain an invaluable guide for all future research on the parliamentary armies JOURNAL OF ECCLESIASTICAL HISTORY Author Anne Laurence sets out to determine whether parliamentary army chaplains were responsible for the spread of radicalism in the Parliamentary forces

The Royal Army Chaplains' Department, 1796-1953 Michael Francis Snape, 2008 A survey and reassessment of the role of the army chaplain in its first 150 years Few military or ecclesiastical figures are as controversial as the military chaplain routinely attacked by pacifist and anticlerical commentators and too readily dismissed by religious and military historians This highly revisionist study represents a complete reappraisal of the role of the British army chaplain and of the Royal Army Chaplains Department in the first century and a half of its existence Challenging old caricatures and stereotypes and drawing on a wealth of new archival material it surveys the political denominational and organisational development of the R A Ch D analyses the changing role and experience of the British army chaplain across the nineteenth century and the two World Wars and addresses the wider significance of British army chaplaincy for Britain's military religious and cultural history over the period c 1800 1950 MICHAEL SNAPE is Senior Lecturer in Modern History at the University of Birmingham The volume has a Foreword by Richard Holmes

Apocalypse How? Mark Robert Bell, 2000 The reintegration of the religious and political aspects of their thought reveals the Baptist movements to have been capable of generating support for both radical groups

Soldiers, Commissars, and Chaplains Dale Roy Herspring, 2001 This innovative study offers the first ever comparison of the military roles played by commissars political officers and chaplains in military settings ranging from the armies of Cromwell the Jacobins the Nazis the Soviets and the United States Despite the stark differences in the political systems of the countries of these disparate armed forces Dale R Herspring argues that there are certain critical functions that must be fulfilled in every military regardless of its ideological orientation Most vital are motivation morale boosting and political socialization In addition Herspring's comparative historical analysis decisively demonstrates that the roles of commissars political officers and chaplains alike have evolved in ways that are crucial yet rarely understood either by policymakers or scholars

The Army in Cromwellian England, 1649-1660 Henry Reece, 2013-01-24 From 1649 to 1660 England was ruled by a standing army for the only time in its history This is the first study to describe the nature of that experience both for members of the army and for civilian society It offers new perspectives on Oliver Cromwell the Major Generals and the reasons for the restoration of the Stuart monarchy in 1660

Sermons from the Commonwealth and Protectorate (1650-1659) (Volume 19) John Owen, 2025-05-20 Edited for Modern Readers This Volume Includes Nine of John Owen's Most Important Sermons on Holy Living Union with Christ and More Regarded as one of the greatest theologians in history 17th century pastor John Owen wrote extensively on holiness

Scripture the Trinity missions and ecclesiology His classic works which have inspired Christian thinkers including Charles Spurgeon J I Packer and John Piper remain influential but until now haven t been offered in an easy to read collection The Complete Works of John Owen is a 40 volume project that brings together all of Owen s original theological writing reformatted for modern readers Volume 19 includes some of his most important sermons delivered during the English Revolution on faith and unbelief abiding in God holy living and more With extensive introductions by editor Martyn C Cowan this volume also includes outlines footnotes and other supporting resources Edited and Formatted for Modern Readers Presents Owen s original writing newly typeset with insightful introductions outlines text breaks headings and footnotes Part of the Complete Works of John Owen Project This collection which includes material not previously published will release 40 hardcover volumes over a number of years Perfect for Churches and Schools Written for students pastors theologians and those interested in the sermons of John Owen Politicians and Pamphleteers Jason Peacey,2017-03-02 The English civil wars radically altered many aspects of mid seventeenth century life simultaneously creating a period of intense uncertainty and unheralded opportunity Nowhere was this more apparent than in the printing and publishing industry which between 1640 and 1660 produced a vast number of tracts and pamphlets on a bewildering variety of subjects Many of these where of a highly political nature the publication of which would have been unthinkable just a few years before Whilst scholars have long recognised the importance of these publications and have studied in depth what was written in them much less work has been done on why they were produced In this book Dr Peacey first highlights the different dynamics at work in the conception publication and distribution of polemical works and then pulls the strands together to study them against the wider political context In so doing he provides a more complete understanding of the relationship between political events and literary and intellectual prose in an era of unrest and upheaval By incorporating into the political history of the period some of the approaches utilized by scholars of book history this study reveals the heightened importance of print in both the lives of members of the political nation and the minds of the political elite in the civil wars and Interregnum Furthermore it demonstrates both the existence and prevalence of print propaganda with which politicians became associated and traces the processes by which it came to be produced the means of detecting its existence the ways in which politicians involved themselves in its production the uses to which it was put and the relationships between politicians and propagandists

Violence and Emotions in Early Modern Europe Susan Broomhall,Sarah Finn,2015-07-30 Violence and Emotions in Early Modern Europe examines the purposes for which specific forms of violence and particular emotional states functioned how they operated in relation to each other or indeed how one provoked sustained or diminished the other These twelve original essays demonstrate the complexities of violence and emotions and the myriad possibilities of their inter relationships They emphasize the great efforts that were made by early modern societies to control modes of violence and emotional regimes to achieve positive as well as negative effects such as creating order healing and bringing individuals and communities together

around productive identities Authors consider legal documents news reports memoirs letters confraternity statutes and medical consultations to investigate the bodily and textual practices in which violent and emotional acts were created supported and disseminated to investigate the power aims effect and outcomes of relationships between violence and emotions The chapters look at a range of topics and countries including Renaissance Italy and sixteenth century Germany France in the grip of the religious wars and England s Civil Wars as well as a wide range of topics including murder punishment community healing insults threats prophecy and medical and devotional practices This collection will be essential reading for students and scholars of the history of emotions or violence **The Leveller Revolution** John Rees,2017-11-14

The gripping story of the Levellers the radical movement at the heart of the English Revolution The Levellers formed out of the explosive tumult of the 1640s and the battlefields of the Civil War are central figures in the history of democracy In this thrilling narrative John Rees brings to life the men including John Lilburne Richard Overton and Thomas Rainsborough and women who ensured victory and became an inspiration to republicans of many nations From the raucous streets of London and the clattering printers workshops that stoked the uprising to the rank and file of the New Model Army and the furious Putney debates where the Levellers argued with Oliver Cromwell for the future of English democracy this story reasserts the revolutionary nature of the 1642 51 wars and the role of ordinary people in this pivotal moment in history In particular Rees places the Levellers at the centre of the debates of 1647 when the nation was gripped by the question of what to do with the defeated Charles I Without the Levellers and Agitators fortitude and well organised opposition history may have avoided the regicide and missed its revolutionary moment The legacy of the Levellers can be seen in the modern struggles for freedom and democracy across the world *A History of Death in 17th Century England* Ben Norman,2020-11-13

A look at the constant confrontation with mortality the English experienced in a time of plague smallpox civil war and other calamities In the lives of the rich and poor alike in seventeenth century England death was a hovering presence much more visible in everyday existence than it is today It is a highly important and surprisingly captivating part of the epic story of England during the turbulent years of the 1600s This book guides readers through the subject using a chronological approach as would have been experienced by those living in the country at the time beginning with the myriad causes of death including rampant disease war and capital punishment and finishing with an exploration of posthumous commemoration including mass interments in times of disease the burial of suicides and the unconventional laying to rest of English Catholics Although the people of the seventeenth century did not fully realize it when it came to the confrontation of mortality they were living in wildly changing times **The Oxford Handbook of Andrew Marvell** Martin Dzelzainis,Edward Holberton,2019-03-28

The Oxford Handbook of Andrew Marvell is the most comprehensive and informative collection of essays ever assembled dealing with the life and writings of the poet and politician Andrew Marvell 1621 78 Like his friend and colleague John Milton Marvell is now seen as a dominant figure in the literary landscape of the mid seventeenth century producing a stunning

oeuvre of poetry and prose either side of the Restoration In the 1640s and 1650s he was the author of hypercanonical lyrics like *To His Coy Mistress* and *The Garden* as well as three epoch defining poems about Oliver Cromwell After 1660 he virtually invented the verse genre of state satire as well as becoming the most influential prose satirist of the day in the process forging a long lived reputation as an incorruptible patriot Although Marvell himself was an intensely private and self contained character whose literary religious and political commitments are notoriously difficult to discern the interdisciplinary contributions by an array of experts in the fields of seventeenth century literature history and politics gathered together in the Handbook constitute a decisive step forward in our understanding of him They offer a fully rounded account of his life and writings individual readings of his key works considerations of his relations with his major contemporaries and surveys of his rich and varied afterlives Informed by the wealth of editorial and biographical work on Marvell that has been produced in the last twenty years the volume is both a conspectus of the state of the art in Marvell studies and the springboard for future research

Regicide and Republicanism Sarah Barber, 2020-03-31 This study of seventeenth century monarchy suggests that the arguments which were used to attack the potentially absolutist monarchy of Charles I were not all that different from those used against the constitutional monarchy of today The seventeenth century arguments were based on the fiction that the person who fulfilled the office could be distinguished from the office itself Personal morality and behaviour were vital factors in assessing the value of government From 1646 onwards there developed two parallel strands of thought Those who believed in government by laws developed a republican response to the crisis of the 1640s Those who believed that people made laws attacked Charles I rather than the monarchy itself supported the regicide and subsequently approved of the rule of Cromwell

Representing Revolution in Milton and his Contemporaries David Loewenstein, 2001-03-15 David Loewenstein's *Representing Revolution in Milton and his Contemporaries* is a wide ranging exploration of the interactions of literature polemics and religious politics in the English Revolution Loewenstein highlights the powerful spiritual beliefs and religious ideologies in the polemical struggles of Milton Marvell and their radical Puritan contemporaries during these revolutionary decades By examining a wide range of canonical and non canonical writers John Lilburne Winstanley the Digger and Milton amongst others he reveals how radical Puritans struggled with the contradictions and ambiguities of the English Revolution and its political regimes His portrait of a faction riven violent seventeenth century revolutionary culture is an original and significant contribution to our understanding of these turbulent decades and their aftermath By placing Milton's great poems in the context of the period's radical religious politics it should be of interest to historians as well as literary scholars

Britain in Revolution Austin Woolrych, 2002-11-14 This is the definitive history of the English Civil War set in its full historical context from the accession of Charles I to the Restoration of Charles II These were the most turbulent years of British history and their reverberations have been felt down the centuries Throughout the middle decades of the seventeenth century England Scotland and Ireland were convulsed by political

upheaval and wracked by rebellion and civil war The Stuart monarchy was in abeyance for twenty years in all three kingdoms and Charles I famously met his death on the scaffold Austin Woolrych breathes life back into the story of these years the sweep of his prose buttressed by the authority of a lifetime's scholarship He captures the drama and the passion the momentum of events and the force of contingency He brilliantly interweaves the history of the three kingdoms and their peoples gripping the reader with the fast paced yet always balanced story

Gangraena and the Struggle for the English Revolution Ann Hughes, 2004-09-23 This is the first comprehensive study of *Gangraena* an intemperate anti-sectarian polemic written by a London Presbyterian Thomas Edwards and published in three parts in 1646 These books which bitterly opposed any moves to religious toleration were the most notorious and widely debated texts in a Revolution in which print was crucial to political mobilization They have been equally important to later scholars who have continued the lively debate over the value of *Gangraena* as a source for the ideas and movements its author condemned This study includes a thorough assessment of the usefulness of Edwards's work as a historical source but goes beyond this to provide a wide ranging discussion of the importance of *Gangraena* in its own right as a lively work of propaganda crucial to Presbyterian campaigning in the mid 1640s Contemporary and later readings of this complex text are traced through a variety of methods literary and historical with discussions of printed responses annotations and citation Hughes's work thus provides a vivid and convincing picture of revolutionary London and a reappraisal of the nature of 1640s Presbyterianism too often dismissed as conservative Drawing on the newer histories of the book and of reading Hughes explores the influence of Edwards's distasteful but compelling book

God's Instruments Blair Worden, 2012-03-22 A detailed study of the religious and political character of the most revolutionary decade of English history from the execution of Charles I in 1649 to the return of his son in 1660 Explores the minds and conduct of the dominant figure of the era Oliver Cromwell and his friends and enemies

The Reformation of the Heart Sarah Apetrei, 2024 This groundbreaking study offers fresh insight into the relationship between radical theology and gender radicalism in the seventeenth century English Revolution Examining published works and previously unexplored archival material Sarah Apetrei shows the transformative role that women played in religious reform during the period

Liberation Theology Along the Potomac Edward F. Terrar, 2011 Explores the particular beliefs of Maryland's Catholic laborers who were at odds with the traditional English Catholic gentry in opposition to their crown parliament clergy and papacy and sympathetic to the Protestant Antinomians seeking to challenge the established order of Maryland's church and state The economic intellectual legal and social history of the Maryland Catholics during the English Civil War is compared to related developments in Europe Latin America and Africa

God's Fury, England's Fire Michael Braddick, 2008-02-28 A brilliantly researched and vividly written history of the English Civil Wars from one of Britain's most prominent Civil War historians The sequence of civil wars that ripped England apart in the seventeenth century was the single most traumatic event in this country between the medieval Black Death and the two

world wars Indeed it is likely that a greater percentage of the population were killed in the civil wars than in the First World War This sense of overwhelming trauma gives this major new history its title *God's Fury England's Fire* The name of a pamphlet written after the king's surrender it sums up the widespread feeling within England that the seemingly endless nightmare that had destroyed families towns and livelihoods was ordained by a vengeful God that the people of England had sinned and were now being punished As with all civil wars however God's fury could support or destroy either side in the conflict Was God angry at Charles I for failing to support the true protestant religion and refusing to work with Parliament Or was God angry with those who had dared challenge His anointed Sovereign Michael Braddick's remarkable book gives the reader a vivid and enduring sense both of what it was like to live through events of uncontrollable violence and what really animated the different sides *God's Fury England's Fire* allows readers to understand once more the events that have so fundamentally marked this country and which still resonate centuries after their bloody ending *Radical Parliamentarians and the English Civil War* David R. Como, 2018 *Radical Parliamentarians* offers a new account of some of the most important and pivotal events of the English civil war of the 1640s enhancing our understanding of the dramatic events of this period and shedding light on the long term political and religious consequences of the conflict

This is likewise one of the factors by obtaining the soft documents of this **Parliamentary Army Chaplains 1642 1651** by online. You might not require more era to spend to go to the ebook establishment as without difficulty as search for them. In some cases, you likewise realize not discover the pronouncement Parliamentary Army Chaplains 1642 1651 that you are looking for. It will extremely squander the time.

However below, following you visit this web page, it will be as a result certainly simple to get as competently as download guide Parliamentary Army Chaplains 1642 1651

It will not tolerate many become old as we notify before. You can accomplish it even if deed something else at home and even in your workplace. consequently easy! So, are you question?
