Crossing Cultural Boundaries in East Asia and Beyond Reiko Maekawa, Darwin Stapleton, Roberta

Wollons, 2021-03-01 *Crossing Cultural Boundaries in East Asia and Beyond* explores the personal complexities and ambiguities and the successes and failures of crossing borders and boundaries. While the focus is on East Asia, it universalizes cultural anxieties with comparative cases in Russia and the United States. The authors primarily engage the individual experiences of border crossing rather than more typically those of political or social groups located at territorial boundaries. Drawing on those individual experiences, this volume presents an array of attempts to negotiate the discomforts of crossing personal borders and attends to the intimate experiences of border crossers whether they are traveling to an unfamiliar cultural location or encountering the other in local settings such as the classroom or the coffee shop. *School Library Journal*, 2005

The Children's Buyer's Guide, 2005 *Teaching Poetry in the Primary Classroom* Gervase Phinn, 2009-01-05

When asked by the school inspector what he thought of poetry, an eleven-year-old replied that it's all la dida and daffodils isn't it. In his primary school, the boy had come across very little poetry apart from nursery rhymes, snatches of rhyming verse, and a few comic pieces and nonsense poems. Poetry to him was something arcane, not really related to his own life. He had studied no powerful, challenging, contemplative, arresting, quirky poems and had written very few poems himself. His teacher admitted that he was no English specialist, had received few ideas at college on the teaching of poetry, and didn't really know where to start. As children progress through the primary school, they need to be exposed to a rich diet of poetry and encouraged to read, perform, and write it themselves. Providing a varied and stimulating environment is essential if it is to flourish. In addition, children need specific guidance and ideas to start them off writing their own poems. This book, written by a former teacher and school inspector and popular and widely published children's poet, offers an accessible, practical, and structured programme for the teaching of this sometimes neglected aspect of the English curriculum. **The Publishers Weekly**, 2005
