Participation And Democratic Theory

Brian Caterino, Phillip Hansen

Participation And Democratic Theory:

Participation and Democratic Theory Carole Pateman,1970 Shows that current elitist theories are based on an inadequate understanding of the early writings of democratic theory and that much sociological evidence has been ignored

Participation and Democratic Theory Carole Pateman,1988 *Participation and Democratic Theory* Carole Pateman,1970 **Participation and Democratic Theory** ,1972 *Participation and Democratic Theory* Carole

Pateman,1975-12-04 Shows that current elitist theories are based on an inadequate understanding of the early writings of democratic theory and that much sociological evidence has been ignored *Rethinking Civic Participation in Democratic Theory and Practice* Rod Dacombe,2017-11-27 This book makes an important contribution to contemporary debates over the place of civic participation in democratic theory and practice Drawing on a detailed case study of the Blackbird Leys area of Oxford the book employs a novel empirical approach to ask whether widespread participation in civic life can enhance the prospects for democracy given the low levels of participation which tend to exist in deprived areas Throughout it presents an account of participation rooted in the history and development of the case in order to avoid the kinds of abstraction which are characteristic of many existing studies in the area The book will appeal to scholars working on democratic theory in applied settings and will be of interest to anyone concerned with inequalities in civic participation **Illusion of Consent**

Daniel I. O'Neill,2010-11 A collection of essays that discuss the writings of Carole Pateman with emphasis on her theories of democracy and feminism Provided by publisher **Election Law and Democratic Theory** David Schultz,2016-04-29 While numerous books and articles examine various aspects either of democratic theory or of specific topics in election law there is no comprehensive book that provides a detailed and scholarly discussion of the political and democratic theory underpinnings of election law Election Law and Democratic Theory fills this important gap as author David Schultz offers a scholarly analysis of the political principles and democratic values underlying election law and the regulation of political campaigns and participants in the United States The book provides the first full length examination of the political theories that form the basis for many of the current debates in election law that structure both Supreme Court and scholarly considerations of topics ranging from campaign finance reform voting rights reapportionment and ballot access to the rights of political parties the media and other players in the system It challenges much of the current debate in election law and argues for more discussion and development of a democratic political theory to support and guide election law jurisprudence

Democratic Theory as Public Philosophy: The Alternative to Ideology and Utopia Norman Wintrop,2017-11-01 This title was first published in 2000 This text contends that there are pronounced ideological apologetic and utopian biases in how democracy is now viewed by most academic writers politicians and journalists Ideological biases result from democracy being seen in formal and procedural ways as parliaments free elections and competitive parties and pressure groups irrespective of the standards which guide or the effects produced by these procedures Utopian democrats reject this

narrow empiricism for normative approaches and instead of realistic norms they offer impractical perfectionist and counter productive standards and goals As the alternative to ideology and utopia the author builds upon and draws conclusions from a realistic and normative public philosophic tradition of writing on democratic politics This tradition is explained and illustrated by critical responses to Walter Lippman s conception of public philosophy Lippman s activity as a public philosopher and the work of major democratic theorists from Alexis de Tocqueville to Giovanni Sartori Critical Theory, Democracy, and the Challenge of Neoliberalism Brian Caterino, Phillip Hansen, 2019-08-22 With a few exceptions critical theorists have been late to provide a comprehensive diagnosis of neoliberalism comparable in scope to their extensive analyses of advanced welfare state capitalism Instead the main lines of critical theory have focused on questions of international justice which while no doubt significant restrict the scope of critical theory by deemphasizing linkages to larger political and economic conditions Providing a critique of the Frankfurt School Brian Caterino and Phillip Hansen move beyond its foundations and call for a rethinking of the bases of critical theory as a practical freedom creating project Outlining a resurgence of neoliberalism the authors encourage a fresh nuanced analysis that elucidates its political and economic structures and demonstrates the threats to freedom and democracy that neoliberalism poses They propose the reformulation of a radical democratic alternative to neoliberalism one that critically addresses its limitations while promoting an enhancement of communicative and social freedom **Global Democratic Theory** Daniel Bray, Steven

Slaughter, 2015-05-22 Global Democratic Theory is the first comprehensive introduction to the changing contours of democracy in today s hyperconnected world Accessibly written for readers new to the topic it considers the impact of globalization and global forms of governance and activism on democratic politics and examines how democratic theory has responded to address these challenges including calls for new forms of democracy to be developed beyond the nation state and for greater public participation and accountability in existing global institutions Divided into two parts the book shows how globalization provides both new obstacles and new opportunities for democracy Part I explores the shifts underway at the national and international levels that are challenging democracy within nation states around the world In response new proposals for global and transnational democracy have emerged Part II critically analyses five main approaches of global democratic theory liberal internationalism cosmopolitan democracy deliberative democracy social democracy and radical democracy focusing on their specific interpretation of the problems facing democracy their normative claims and the feasibility of their proposed pathways of democratization The book s extensive account of the problems and possibilities facing democracy today will be essential reading for students and scholars of politics political theory and political philosophy

Participatory Democracy, Science and Technology K. Rogers, 2015-12-11 Taking insights from the philosophy of science and technology theories of participatory democracy and Critical Theory the author tackles and explores how democratic participation in scientific research and technological innovation could be possible as a deliberative means of

improving the rational basis for the development of modern society The Problem of Participation Lee Ann Osbun,1985

Social Media Christian Fuchs,2017-02-25 Timely new chapters on China and the sharing economy of Uber and Airbnb strengthen an already vital contribution to communication studies Through the lens of critical theory Fuchs provides the essential text for students of our new media world Vincent Mosco Queen s University Ontario With social media changing how we use and understand everything from communication and the news to transport more than ever it is essential to ask the right kinds of questions about the business and politics of social media This book equips students with the critical thinking they need to understand the complexities and contradictions and make informed judgements This Second Edition Lays bare the structures and power relations at the heart of our media landscape Explores the sharing economy of Uber and Airbnb in a brand new chapter Takes us into the politics and economy of social media in China Puts forward powerful arguments for how to achieve a social media that serves the purposes of a just and fair world This book is the essential critical guide for all students of media studies and sociology Readers will never look at social media the same way again

A Political Theory of Rights Attracta Ingram,1994-11-17 Rights are basic building blocks of the contemporary state and yet their rigorous justification is notoriously difficult This book provides a thorough analysis of this central topic in modern political discourse The book challenges the orthodox view that rights are a type of property claim in one s body Drawing on the tradition of the social contract as well as the wealth of recent work in political theory the book argues for a different conception of rights Rights are conceived as a certain type of political claim justified by a Kantian ideal of autonomy Moreover that justification provides a moral basis for rights that while independent of law and custom is also tied to an image of citizenship particularly suited to the pluralistic nature of contemporary liberal society Participatory Democracy and Political Participation Thomas Zittel,Dieter Fuchs,2006-11-22 A detailed new examination of the initiatives governments are exploring to reform the institutions and procedures of liberal democracy in order to provide more opportunities for political participation and inclusion Combining theory and empirical case studies this is a systematic evaluation of the most visible and explicit efforts to engineer political participation via institutional reforms Part I discusses the phenomenon of participatory engineering from a conceptual standpoint while parts II III and IV take a comparative as well as an empirical perspective The contributors to these sections analyze participatory institutions on the basis of empirical models of democracy such as direct democracy civil society and responsive government and analyze the impact of these models on political behaviour Part V includes exploratory regional case studies on specific reform initiatives that present descriptive accounts of the policies and politics of these reforms Delivering a detailed assessment of democratic reform this book will of strong interest to students and researchers of political theory democracy and comparative politics **A Theory of the Executive Branch** Margit Cohn,2021-02-24 The executive branch in Western democracies has been granted a virtually impossible task expected to imperially direct the life of the nation through thick and thin it is concurrently required to be

subservient to legislation meted out by a sovereign parliament Drawing on a general argument from constitutional theory that prioritizes dispersal of power over concepts of hierarchy this book argues that the tension between dominance and submission in the executive branch is maintained by the adoption of various forms of fuzziness under which a guise of legality masks the absence of substantive limitation of power Under this internal tension vision of constitutionalism the executive branch is simultaneously submissive to law and dominant over it while concepts of substantive legality are compromised Building on legal and political science research this volume classifies and analyses thirteen forms of fuzziness ranging from open ended or semi written constitutions to unapplied legislation The study of this unavoidable yet problematic feature of the public sphere is addressed descriptively and normatively Adding detailed examples from two fields of law emergency law and air pollution law in two systems the UK and the US the book ends with a call for raising the threshold of judicial review grounded in theories of participatory and deliberative democracy This book addresses an area that is surprisingly under researched Despite the increase in executive power across democratic polities and increasing public interest in the executive branch and executive powers this much needed book offers a theoretical foundation that should ground all analysis of arguably the most powerful branch of modern government

Wage Policy, Income Distribution, and Democratic Theory Oren M Levin-Waldman, 2010-11-23 Wage policy can be broadly defined as a set of institutions designed to bolster the wages of workers especially for those workers who lack negotiating power This book concentrates on the relationship between wage policy and the distribution of income and the maintenance of a sustainable democracy Whereas economists have looked at this issue in relation to labour markets this book aims to reset the balance by focusing on issues such as equality and democratic theory This book makes an important contribution to the literature of public policy political philosophy and political economy Levin Waldman argues that wage policy is an important component in the maintenance of democratic society and that a reduction in income inequality can have a positive effect both on personal autonomy and empowerment

Representation and Democratic Theory David Laycock, 2011-11-01 With public confidence in representative institutions dropping to distressing levels it is time for political theorists to reconnect issues of representation to considerations of justice rights citizenship pluralism and community Representation and Democratic Theory investigates theoretical and practical aspects of innovative political representation in the early twenty first century It reveals the complexity of contemporary political representation and the importance of re invigorating public life outside legislatures political parties and competitive elections A crucial supplement to empirical studies of conventional political representation this book offers a timely and thought provoking contribution to contemporary democratic theory It will be a necessary and welcome addition to the libraries of many political and social scientists

The Changing Role of Citizens in EU Democratic Governance Davor Jancic, 2023-02-23 This collection discusses the challenges of reforming EU democracy through increased citizen participation beyond elections It asks fundamental questions such as whether the institutionalisation of citizens in EU

public law is a prerequisite for addressing these challenges and the extent to which such institutionalisation is taking place in the EU To these ends the contributors analyse the latest institutional initiatives proposals and practices such as citizen assemblies citizen consultations and dialogues on European integration and draft legislation the Conference on the Future of Europe the reform of the European Citizens Initiative the evolving role of the European Ombudsman citizen petitions to the European Parliament the roles of the civil society and the European Economic and Social Committee Offering reflections on the impact of the Covid 19 pandemic this book is a much needed reminder of the importance of the role of citizens in EU governance

Participation And Democratic Theory Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Participation And Democratic Theory PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Participation And Democratic Theory PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Participation And Democratic Theory free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Participation And Democratic Theory Books

1. Where can I buy Participation And Democratic Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
