**Sociology, Anthropology, and Development** Michael M. Cernea, April L. Adams, 1994-01-01 Environmentally Sustainable Development Studies and Monograph Series No 3 A listing of works published by World Bank sociologists and anthropologists this bibliography serves as a vehicle for exchanging experiences and promoting interdisciplinary

*Participatory Development and the World Bank* World Bank, 1992      *The World Bank and Social Transformation in International Politics* David Williams, 2008 This book examines why the World Bank has come to see good governance as important and evaluates what the World Bank is doing to improve the governance of its borrower countries      *Korean Industrial Policy* Danny M. Leipziger, Peter A. Petri, 1993 The World Bank is changing the way it does business in the energy sector This Policy Paper is one of two that outlines the Bank's new policies for the sector The review was prompted by concern about the effects of power generation on the environment and on populations that may be resettled to make way for projects Another stimulus was the macroeconomic reality of fewer investment resources in many countries And many developing countries are becoming more receptive to reforming the way energy is produced and consumed This paper credits the public monopoly approach of the last 30 years with facilitating expansion of power supplies capturing technical economies of scale and making effective use of scarce managerial and technical skills Nonetheless it recommends several new policies to improve the performance of the electric power sector in developing countries These reforms will guide future Bank activities in the sector Bank loans for electric power will go first to countries clearly committed to improving the performance of their power sectors The Bank will also discourage subsidies on energy prices and will encourage private investment in utilities And it will provide financing to help the least developed countries import power where local generation is not practical The efficiency of production and use of electric power in developing countries is examined in a companion paper *Energy Efficiency and Conservation in the Developing World* The World Bank's Role The World Bank's Role in the Electric Power Sector is also available in Spanish *La función del Banco Mundial en el sector de la electricidad Políticas para efectuar una reforma institucional regulatoria y financiera eficaz* ISBN 0 8213 2451 9 Stock No 12451 7 95 Price code 007 Spanis

**Participatory Rural Appraisal for Irrigation Management Research** Paul Gosselink, 1995      **Building Sustainable Peace** Tom Keating, W. Andy Knight, 2012-07-02 As the world turns its attention to the reconstruction of Afghanistan and Iraq following recent conflicts in these countries the issue of post conflict peacebuilding takes centre stage This collection presents a timely and original overview of the field of peace studies and offers fresh analytical tools which promote a critical reconceptualization of peace and conflict while also making specific reference to peacebuilding strategies employed in recent international conflicts      **Closing the Feedback Loop** Björn-Sören Gígler, Savita Bailur, 2014-05-29 This book is a collection of articles written by both academics and practitioners as an evidence base for citizen engagement through information and communication technologies ICTs In it the authors ask how do ICTs empower through participation

transparency and accountability Specifically the authors examine two principal questions Are technologies an accelerator to closing the accountability gap the space between the supply governments service providers and demand citizens communities civil society organizations or CSOs that requires bridging for open and collaborative governance And under what conditions does this occur The introductory chapters lay the theoretical groundwork for understanding the potential of technologies to achieving intended goals Chapter 1 takes us through the theoretical linkages between empowerment participation transparency and accountability In Chapter 2 the authors devise an informational capability framework relating human abilities and well being to the use of ICTs The chapters to follow highlight practical examples that operationalize ICT led initiatives Chapter 3 reviews a sample of projects targeting the goals of transparency and accountability in governance to make preliminary conclusions around what evidence exists to date and where to go from here In chapter 4 the author reviews the process of interactive community mapping ICM with examples that support general local development and others that mitigate natural disasters Chapter 5 examines crowdsourcing in fragile states to track aid flows report on incitement or organize grassroots movements In chapter 6 the author reviews Check My School CMS a community monitoring project in the Philippines designed to track the provision of services in public schools Chapter 7 introduces four key ICT led citizen governance initiatives in primary health care in Karnataka India Chapter 8 analyzes the World Bank Institute s use of ICTs in expanding citizen project input to understand the extent to which technologies can either engender a new feedback loop or ameliorate a broken loop The authors analysis of the evidence signals ICTs as an accelerator to closing the accountability gap In Chapter 9 the authors conclude with the Loch Ness model to illustrate how technologies contribute to shrinking the gap why the gap remains open in many cases and what can be done to help close it This collection is a critical addition to existing literature on ICTs and citizen engagement for two main reasons first it is expansive covering initiatives that leverage a wide range of technology tools from mobile phone reporting to crowdsourcing to interactive mapping second it is the first of its kind to offer concrete recommendations on how to close feedback loops

#### **Borrower Ownership of Adjustment**

**Programs and the Political Economy of Reform** John H. Johnson, Sulaiman S. Wasty, 1993-01-01 China has done much to reform its price system achieve macroeconomic stability and restore growth Nevertheless price distortions remain in three key areas This study suggests further price reforms for the energy grain and transport sectors It explains why energy price adjustments should have only a modest effect on consumer prices but a highly positive effect on the economy It discusses why China may have to reduce consumer subsidies to achieve the necessary reforms for grain prices The study describes what the government must do to strengthen commodity markets generate competition and make allowances for seasonal price variations China s transport sector has been a critical development bottleneck The paper reviews tariff adjustments and other reforms that would modernize the transport system and help it meet growing demand These reforms also would encourage energy conservation and help integrate the national economy

#### **Making Motherhood Safe** Anne G.

Tinker,1993-01-01 This collection reviews national policies that critically influence economic performance in developing countries It describes principles that shape good economic policy and illustrates them with case studies In an overview that draws together insights from the essays the volume editor explains why poor countries need sound government policies to offset unfavorable conditions including scant natural resources adverse problems that occur with monetary and exchange rate policies and financial sector reform The basic rules for monetary policy in an open economy are developed along with the different ways in which financial reform and financial repression affect an economy Practical ways to deal with foreign exchange markets are described They include such arrangements as multiple exchange rates for commercial transactions and dual rates that separate commercial and financial transactions Also examined are the ways in which trade liberalization and trade restrictions impede economic development Advice is given on developing a uniform structure that balances the administration of taxes with the efficiency of a tax structure The book examines the relationship between budget deficits and money creation and suggests management strategies for developing sound economic policy that include advice on inflation control international trade import restrictions income tax rates and price and wage controls Published for the World Bank by Oxford University Press      **Development Sustainability Through Community Participation** Joaquin L.

Gonzalez,2018-10-26 Published in 1998 this is a very timely book especially with the current global concern for sustaining socio economic development projects through increased civil society participation The author warns development practitioners and scholars to be careful about over prescribing community participation as a panacea to achieving project sustainability      **Reconsidering REDD+** Julia Dehm,2021-06-03 In Reconsidering REDD Authority Power and Law in the Green Economy Julia Dehm provides a critical analysis of how the Reducing Emissions from Deforestation and Forest Degradation REDD scheme operates to reorganise social relations and to establish new forms of global authority over forests in the Global South in ways that benefit the interests of some actors while further marginalising others In accessible prose that draws on interdisciplinary insights Dehm demonstrates how through the creation of new legal relations including property rights and contractual obligations new forms of transnational authority over forested areas in the Global South are being constituted This important work should be read by anyone interested in a critical analysis of international climate law and policy that offers insights into questions of political economy power and unequal authority      **The Reform of Public**
