beneath him Rachel Alexandra was the best horse he had ever ridden and it was his job to ensure that she and her connections didn't leave Saratoga Springs without a victory. Hall of Fame trainer and gruff New Yorker Nick Zito felt he could slay the queen. He'd take his shots with two rival horses Da Tara and Cool Coal Man because as he well knew you can't win if you don't play. New York Racing Association president and CEO Charlie Hayward knew that Rachel Alexandra could run elsewhere and didn't have to come to Saratoga. The pressure was on him to keep this talented and magnetic filly on his property but how far could he go without compromising his values. Then there were the other horses at the meet the Zito trained Commentator eight years old and looking for one last try in the Whitney Handicap Kentucky Derby winner Mine That Bird aiming to reclaim his glory if he could only stay healthy and Summer Bird the Belmont Stakes winner who demanded respect. Everyone was in the twilight of their careers. What would be their legacies. How would they be remembered. Never before has the famous racing season at Saratoga been illustrated through these threads in real time. As we follow the jockey the trainer and the executive we come to understand how they and so many other racing fans and professionals were drawn to the magnetism of one special horse Rachel Alexandra. All of this happens in six weeks all at Saratoga.

How did emerging singer songwriters in the 1960s and 1970s develop traditions for musical self expression. This book takes a new listen to the music of beloved songwriters Joni Mitchell Bob Dylan Buffy Sainte Marie Paul Simon and Cat Stevens to show how they used malleable metric settings as an important part of their self expressive toolkit in performance.

Wayfaring Strangers Fiona Ritchie, Doug Orr, Darcy Orr, 2021-08-01

From the seventeenth through the nineteenth centuries a steady stream of Scots migrated to Ulster and eventually onward across the Atlantic to resettle in the United States. Many of these Scots Irish immigrants made their way into the mountains of the southern Appalachian region. They brought with them a wealth of traditional ballads and tunes from the British Isles and Ireland a carrying stream that merged with sounds and songs of English German Welsh African American French and Cherokee origin. Their enduring legacy of music flows today from Appalachia back to Ireland and Scotland and around the globe. Ritchie and Orr guide readers on a musical voyage across oceans linking people and songs through centuries of adaptation and change.
