Democratizing the Old Dominion William G. Shade, 1996 Places the antebellum debate over slavery and states rights in the context of early discussions of the two party system and economic development by founding fathers Jefferson and Madison arguing that the similarities between North and South were more numerous than the differences and analyzes the state s regional cultures demonstrating that party politics as a system expanded democracy Virginia Includes bandw maps and photos For scholars of history Annotation copyright by Book News Inc Portland OR The Confederation Handbook Peter F. Literature, 1785-1885 Peter Templeton, 2018-12-26 In *The Politics of Southern Pastoral Literature 1785-1885* Jeffersonian Afterlives Peter Templeton presents a wide ranging and systematic evaluation of pastoral in the nineteenth century Southern novel offering an explicit appraisal of the philosophical and political rationale of pastoral literature alongside the existing body of research into the image of Jefferson following his death Rather than assuming a homogeneous South Templeton locates Southern pastoral in its specific political context offering readings of significant factors such as the literary representation of landscape of class and the yeoman ideal and the institution of slavery and its intellectual underpinnings Focusing on a six key Southern authors both canonical and relatively understudied the book charts key transformations in the politics of pastoral literature in the period and noteworthy reconfigurations in the representation of Jefferson and his philosophies in order to analyze what these signified to nineteenth century Americans In doing so the text also demonstrates how ideologies react to the stresses imposed on them by political realities **Apples and Ashes** Coleman

Hutchison, 2012-03-01 *Apples and Ashes* offers the first literary history of the Civil War South The product of extensive archival research it tells an expansive story about a nation struggling to write itself into existence Confederate literature was in intimate conversation with other contemporary literary cultures especially those of the United States and Britain Thus Coleman Hutchison argues it has profound implications for our understanding of American literary nationalism and the relationship between literature and nationalism more broadly *Apples and Ashes* is organized by genre with each chapter using a single text or a small set of texts to limn a broader aspect of Confederate literary culture Hutchison discusses an understudied and diverse archive of literary texts including the literary criticism of Edgar Allan Poe southern responses to *Uncle Tom's Cabin* the novels of Augusta Jane Evans Confederate popular poetry the de facto Confederate national anthem *Dixie* and several postwar southern memoirs In addition to emphasizing the centrality of slavery to the Confederate literary imagination the book also considers a series of novel topics the reprinting of European novels in the Confederate South including Charles Dickens's *Great Expectations* and Victor Hugo's *Les Misérables* Confederate propaganda in Europe and postwar Confederate emigration to Latin America In discussing literary criticism fiction poetry popular song and memoir *Apples and Ashes* reminds us of Confederate literature's once great expectations Before their defeat and abjection before apples turned to ashes in their mouths many Confederates thought they were in the process of creating a nation and a national literature that would endure **Jewish Partisans of the Soviet Union during World War II** Jack Nusan

Porter, 2021-08-31 *Jewish Partisans of the Soviet Union* is a classic compilation of original Russian and Jewish sources on the anti-Nazi resistance in Eastern Europe It is rooted in decades of research motivated by a desire to set the record straight on Jewish participation in resistance movements a phenomenon often overlooked when not actively concealed As the son of Jewish partisans in Nazi occupied Eastern Europe Jack Porter presents here the result of his decades long research first hand accounts and interviews with survivors and partisans as well as some of their original work and a seminal English translation

Quarterly Review of Military Literature ,1952 Professional Journal of the United States Army ,1953 *Review of Current Military Literature* ,1952-04 **Recent History of the United States** Frederic Logan Paxson,1921 **Taking the Initiative** John B. Bader,1996 Taking the Initiative shows that majority party leaders in Congress have set and successfully pushed their own policy agendas for decades revealing the Contract With America as only the most recent and certainly not the most successful example of independent policy making Cutting deeply into the politics and personalities of three decades of party leadership John B Bader probes the strategies and evaluates the effectiveness of House and Senate leaders operating in a divided government when Congress and the presidency are controlled by different political parties He provides a historical context for analyzing theContract and shows that aggressive agenda setting has long been a regular feature of majority party leadership Bader interviewed more than seventy congressional leaders staff members party officials and political consultants including speakers Thomas Tip O Neill and Jim Wright for this book He supplemented these interviews with research in largely unexplored archival materials such as press conference transcripts notes from White House leadership meetings and staff memoranda on strategy The Bosnian Muslims in the Second World War Marko Attila Hoare,2014-02-01 The story of the Bosnian Muslims in World War II is an epic frequently alluded to in discussions of the 1990s Balkan conflicts but almost as frequently misunderstood or falsified This first comprehensive study of the topic in any language sets the record straight Based on extensive research in the archives of Bosnia Herzegovina Serbia and Croatia it traces the history of Bosnia and its Muslims from the Nazi German and Fascist Italian occupation of Yugoslavia in 1941 through the years of the Yugoslav civil war and up to the seizure of power by the Communists and their establishment of a new Yugoslav state The book explores the reasons for Muslim opposition to the new order established by the Nazis and Fascists in Bosnia in 1941 and the different forms this opposition took It de scribes how the Yugoslav Communists were able to harness part of this Muslim opposition to support their own resistance movement and revolutionary bid for power This Muslim element in the Communists revolution shaped its form and outcome but ultimately had itself to be curbed as the victorious Communists consolidated their dictatorship In doing so they set the scene for future struggles over Yugoslavia s Muslim question **A Disturbing and Alien Memory** Douglas L. Mitchell,2008-12-01 In the late nineteenth century as the study of history shifted from the domain of letters into the social sciences novelists in the North and the West generally turned away from writing history Many southern novelists and poets however continued to undertake historical writing as an extension of their art form What made southern literary figures differ from their northern and western counterparts In A Disturbing and Alien Memory Douglas L Mitchell addresses this intriguing question by tracing a line of southern writers from the early nineteenth century to the mid twentieth finding that an obsessive need to defend the South and the oft noted rage

to explain drove some creative writers to continue to make forays into history and biography in an effort to enter a more public sphere where they could more decisively influence interpretations of the past In the Romantic history of the nineteenth century Mitchell explains men of letters saw themselves as keepers of memory whose renderings of the past could help shape the future of the nation He explores the historical writing of William Gilmore Simms to trace the failure of Romantic nationalism in the growing split between North and South then turns to Thomas Nelson Page s effort to resurrect the South as a spiritual nation with a redeemed history after the Civil War Mitchell juxtaposes their work with that of William Wells Brown the pioneering African American historian and novelist who used the authority of history to write blacks into the American story Moving into the twentieth century Mitchell analyzes the historical component of the Southern Agrarian project focusing on the tension between modernist aesthetics and polemical aims in Allen Tate s Civil War biographies He then traces a path toward a viable historical vision Robert Penn Warren s recovery of a tragic understanding and the creation of a compelling historical art in the work of Shelby Foote Throughout Mitchell examines the peculiar dilemma of southern writers the changing nature of history and its relation to the realm of letters and the question of public authority shedding light on several neglected texts in the process including Simms s *The Sack and Destruction of Columbia* S C Brown s *The Negro in the American Rebellion* Tate s *Jefferson Davis* and Warren s *John Brown* Offering a new perspective on a perennial debate in southern letters *A Disturbing and Alien Memory* provides a critical framework for a neglected genre in the southern literary canon

Italian Neorealist Cinema Christopher Wagstaff,2007-01-01 The end of the Second World War saw the emergence in Italy of the neorealism movement which produced a number of films characterized by stories set among the poor and working class often shot on location using non professional actors In this study Christopher Wagstaff provides an in depth analysis of neorealist film focusing on three films that have had a major impact on filmmakers and audiences around the world Roberto Rossellini s *Roma citt aperta* and Pais and Vittorio De Sica s *Ladri di biciclette* Indeed these films are still more than half a century after they were made among the most highly regarded works in the history of cinema In this insightful and carefully researched work Wagstaff suggests that the importance of these films is largely due to the aesthetic and rhetorical qualities of their assembled sounds and images rather than as commonly thought their particular representations of historical reality The author begins by situating neorealist cinema in its historical industrial commercial and cultural context He goes on to provide a theoretical discussion of realism and the merits of neorealist films individually and collectively as aesthetic artefacts He follows with a detailed analysis of the three films focusing on technical and production aspects as well as on the significance of the films as cinematic works of art While providing a wealth of information and analysis previously unavailable to an English speaking audience *Italian Neorealist Cinema* offers a radically new perspective on neorealist cinema and the Italian art cinema that followed it
