Partition Omnibus With An Introduction By Mushirul Hasan:

The Partition of India Daniela Rogobete, 2019-01-23 This volume offers a collection of essays focused upon the representation of one of the most traumatic events in the history of India the 1947 Partition in literature and cinematographic adaptations The focus here is placed on various strategies of representation and different types of memory at work in the process of remembering re remembering Partition All these avoid the traditional Hindu vs Muslim perspective and analyse other sides of the same story seen from the perspective of marginal people belonging to other religious minorities whose stories have generally been ignored and silenced by the official historical discourse The book also demonstrates that the multiple truths engendered by this crucial event in India's history lie along improbable lines randomly generated between history amnesia and memory between personal drama and collective trauma loss and rupture religion and nationalism and longing and belonging *Postmodern Gandhi and Other Essays* Lloyd I. Rudolph, Susanne Hoeber Rudolph, 2010-07-15 Gandhi with his loincloth and walking stick seems an unlikely advocate of postmodernism But in *Postmodern Gandhi* Lloyd and Susanne Rudolph portray him as just that in eight thought provoking essays that aim to correct the common association of Gandhi with traditionalism Combining core sections of their influential book *Gandhi The Traditional Roots of Charisma* with substantial new material the Rudolphs reveal here that Gandhi was able to revitalize tradition while simultaneously breaking with some of its entrenched values and practices Exploring his influence both in India and abroad they tell the story of how in London the young activist was shaped by the antimodern other West of Ruskin Tolstoy and Thoreau and how a generation later a mature Gandhi's thought and action challenged modernity's hegemony Moreover the Rudolphs argue that Gandhi's critique of modern civilization in his 1909 book *Hind Swaraj* was an opening salvo of the postmodern era and that his theory and practice of nonviolent collective action satyagraha articulate and exemplify a postmodern understanding of situational truth This radical interpretation of Gandhi's life will appeal to anyone who wants to understand Gandhi's relevance in this century as well as students and scholars of politics history charismatic leadership and postcolonialism *The 1947 Partition of British India* Leaning, Jennifer, Bhadada, Shubhangi, 2022-07-22 The 1947 Partition of British India remains the largest instance of forced migration in the recorded human history Despite the passage of time it is still widely seen as a process of singular distress and sorrow Yet for those in the subcontinent the Partition also offers a process of self exploration for subsequent generations This book is the first collection of chapters related to the Partition studies wherein experts of various disciplines from the three major modern nation states affected by this cataclysm Bangladesh India and Pakistan have closely collaborated to develop a nuanced assessment of the Partition as active in the present The book casts a somber yet uplifting light on the enormous challenges the Partition imposed on societies struggling to emerge from generations of colonial rule into a post war world depleted of resources and a future of uncertain prospects **Witnessing Partition** Tarun K. Saint, 2019-08-13 This book interrogates representations fiction

literary motifs and narratives of the Partition of India Delving into the writings of Khushwant Singh Balachandra Rajan Attia Hosain Abdullah Hussein Rahi Masoom Raza and Anita Desai among many others it highlights the modes of fictive testimony that sought to articulate the inarticulate the experiences of trauma and violence of loss and longing and of diaspora and displacement The author discusses representational techniques and formal innovations in writing across three generations of twentieth century writers in India and Pakistan invoking theoretical debates on history memory witnessing and trauma With a new afterword the second edition of this volume draws attention to recent developments in Partition studies and sheds new light as regards ongoing debates about an event that still casts a shadow on contemporary South Asian society and culture A key text this is essential reading for scholars researchers and students of literary criticism South Asian studies cultural studies and modern history

The Sovereign Lives of India and Pakistan Atul Mishra, 2021-10-20 The Sovereign Lives of India and Pakistan explores what it has meant for the two countries to act as sovereign states entangled at birth by an unsatisfactory partition Sovereignty is conventionally understood as a means to achieve the goals that states set for themselves This book argues that for India and Pakistan sovereignty has become an end in itself and that its pursuit has aided majoritarianism insecurity and mutual estrangement It examines the trajectory of three problems that the partition of 1947 bequeathed to the two states It investigates the state minority relations national identity debates and contestation over Kashmir to outline the parallel processes of minoritization homogenization and territorialization It shows how these processes signify the two states quest for sovereignty The scholarship on India and Pakistan often privileges their bilateral relations In contrast the author carries out the deeper task of a single frame analysis and critique of their intertwined statehoods Ultimately the book shows the inadequacy of the nation state form as the basis for political community in the subcontinent It concludes by pointing to

the contemporary relevance of alternative ideas of sovereignty and political community in South Asia that were articulated during the first half of the 20th century

Moderate or Militant Mushirul Hasan, 2008-02-13 In this book Mushirul Hasan articulates a vision of Islam or rather the many different kinds of Islam instead of the frightening monolith of popular perception living in harmony with other faiths and of Indian Muslims inheritors of the great Indian civilization living in a plural society Engaging with the debates surrounding the society polity and history of India's Muslims and using historical and literary sources as well as the writings of modern Muslim thinkers like Aziz Ahmad and Mohammad Mujeeb Hasan traces the development of contemporary ideas about Muslims from the mid nineteenth century onwards through British rule and the partition to the present day For Hasan a truly secular reading of Indian history reveals Indian Islam as one that exists in a pluralist milieu

Barbed Wire Jayita Sengupta, 2020-11-29 The book is an anthology of creative and critical responses to the many partitions of India within and across borders By widening and reframing the question of partition in the subcontinent from one event in 1947 to a larger series of partitions the book presents a deeper perspective both on the concept of partition in understanding South Asia and understanding the implications from survivors victims and others The imagery of the barbed wire in the title is used precisely to confront the jaggedness of experiencing and surviving partition that still haunts the national literary religious and political matrices of India The volume is a compilation of short stories poems articles news reports and memoirs with each contributor bringing forth their perception of partition and its effects on their life and identity The many narratives amplify the human cost of partitions examining the complexities of a bruised nation at the social psychological and religious levels of consciousness The book will appeal to anyone interested in literary studies history politics sociology cultural studies and comparative literature

Re-Presenting Feminist Methodologies Kalpana Kannabiran, Padmini Swaminathan, 2017-03-16 This book tracks the trajectory of gender in the social sciences and humanities through an exploration of the challenges and contradictions that confront contemporary feminist analysis as well as future directions Drawing on research in India the essays in the volume engage with the subject in imaginative ways each one going beyond documenting the persistence of gender inequality instead raising new questions and dilemmas while unravelling the complexities of the terrain They also interrogate extant knowledge that has constructed women as agentless over the years incapable of contesting or transforming social orders by taking a close look at gendered decision making processes and outcomes sex for pleasure health care practices content and context of formal schooling or the developmental state that mainstreams gender Do existing feminist methodologies enable the understanding of emerging themes as online sexual politics transnational surrogacy or masculinist anti feminist sensibilities The feminist methodologies delineated here will provide readers with a toolkit to assess the criticality of gender as well as its nuances The work foregrounds the importance of intersectionality and builds a case for context specific

articulations of gender and societies that destabilize binary universals This volume will be useful to scholars and researchers across the disciplines of the social sciences and humanities especially gender studies women s studies feminism research methodology education sociology political science and public policy **Shameful Flight** Stanley Wolpert,2009-09-17 Britain s precipitous and ill planned disengagement from India in 1947 condemned as a shameful flight by Winston Churchill had a truly catastrophic effect on South Asia leaving hundreds of thousands of people dead in its wake and creating a legacy of chaos hatred and war that has lasted over half a century Ranging from the fall of Singapore in 1942 to the assassination of Mahatma Gandhi in 1948 *Shameful Flight* provides a vivid behind the scenes look at Britain s decision to divest itself from the crown jewel of its empire Stanley Wolpert a leading authority on Indian history paints memorable portraits of all the key participants including Gandhi Churchill Attlee Nehru and Jinnah with special focus on British viceroy Lord Louis Mountbatten Wolpert places the blame for the catastrophe largely on Mountbatten the flamboyant cousin of the king who rushed the process of nationhood along at an absurd pace The viceroy s worst blunder was the impetuous drawing of new border lines through the middle of Punjab and Bengal Virtually everyone involved advised Mountbatten that to partition those provinces was a calamitous mistake that would unleash uncontrollable violence Indeed as Wolpert shows civil unrest among Muslims Hindus and Sikhs escalated as Independence Day approached and when the new boundary lines were announced arson murder and mayhem erupted Partition uprooted over ten million people 500 000 to a million of whom died in the ensuing inferno Here then is the dramatic story of a truly pivotal moment in the history of India Pakistan and Britain an event that ignited fires of continuing political unrest that still burn in South Asia *India* Andrew Robinson,2025-05-13 This concise history tells India s unfolding story from the ancient Hindu dynasties to the coming of Islam from the Mughal Empire to the present day with a new preface and postscript Throughout its long history India has signified many things To pilgrims from ancient China India was the birthplace of the Buddha to Alexander the Great it was a land of philosophers and indomitable elephantine armies At the height of the Mughal Empire in 1700 India meant wealth boasting nearly 25 percent of the world economy but then under British rule its economy declined In the nineteenth century India s identity continued to evolve defined by stark contrasts of extravagant wealth and crippling poverty symbolized by the Taj Mahal and devastating famines maharajas and untouchables At the same time the country was celebrated for its rich spirituality from the many gods of Hinduism and Sufi saints to Buddhist philosophy with towering figures like Mahatma Gandhi and Rabindranath Tagore shaping its legacy Andrew Robinson incisively distills India s many incarnations from the remarkably advanced cities of the early Indus Valley to the world s largest democracy Anyone curious about its past present or future will find this a fascinating introduction *The Book Review* ,2003 **Nehru** Benjamin Zachariah,2004-08-02 This engaging new biography dispels many myths surrounding Nehru and distinguishes between the icon he has become and the politician he actually was Benjamin Zachariah places Nehru in the context of the issues of his time including the central theme of nationalism the

impact of Cold War pressures on India and the transition from colonial control to a precarious independence How did Jawaharlal Nehru come to lead the Indian nationalist movement and how did he sustain his leadership as the first Prime Minister of independent India Nehru's vision of India its roots in Indian politics and society as well as its viability have been central to historical and present day views of India Connecting the domestic and international aspects of his political life and ideology this study provides a fascinating insight into Nehru his times and his legacy *The Partition Omnibus* David Page, 2002 Finally and as a first hand account based on personal observation and the reports of a government fact finding organization Stern Reckoning documents in great detail the riots massacres casualties and political occurrences that led to the Partition The narrative carries an immediacy a documentary predilection and biases that are both interesting and unavailable in later works on the same period **BOOK JACKET** Human Rights, Democracy and Governance C.
