Salkin, 2013-04-03 What is spirituality anyway Isn t spirituality about emotion And isn t work about the rational mind Too often we divorce our work life from our real life from our innermost beliefs and convictions But work can be as much a part of our life and as much a vehicle for spiritual growth and personal understanding as going to synagogue or church on Saturday or Sunday or taking a walk in the woods or reading

quietly to our kids at bedtime In fact work may be among the most potent vehicles for fulfilling our spiritual life because for many of us it presents the best opportunities to meld community and social and economic productivity with personal belief and individual talent from the Introduction by Norman Lear Being God's Partner will help people of every faith reconcile the cares of their work and the strivings of their souls and restore the hidden link between them By exploding our assumptions that work and spirituality are irreconcilable Salkin explores how spirituality can enhance our 9 to 5 lives It is time to be as rich internally as we are externally he writes offering soul stirring ways to smuggle religion into our workplace Thought provoking practical and exhilarating Being God's Partner goes beyond just talking about the subject to give you specific actions to take and connections to make right now to help infuse our lives with greater meaning purpose and satisfaction and invigorate all that we do

Ganssle, David M. Woodruff, 2001-12-20 Throughout the history of philosophical theology scholars have reflected on the relationship between God and time In the Western religious tradition God has been thought to be eternal in the sense that God is outside time But many thinkers today hold that while God is everlasting in that there was no beginning to God s existence nor will he ever cease existing God exists within Time In God and Time Gregory E Ganssle and David Woodruff have brought together 12 previously unpublished essays from leading philosophers on God s relation to time Including work from today s most prominent thinkers in this fascinating field God and Time represents the current state of the discussion between those who believe God to be atemporal experiencing everything in the eternal now and those who believe God to be temporal experiencing events sequentially somewhat as we do This collection highlights such issues as how the nature of time is relevant to the question of whether God is temporal and how God s other attributes are compatible with his mode of temporal being By focusing on the metaphysical aspects of time and temporal existence God and Time makes a unique contribution to the current resurgence of interest in philosophical theology in the analytic tradition **Why did God give us Free Will?** Scarlett Stoyer, About this book This book offers a comprehensive exploration of the concept of free will within a Christian context It delves into the historical and theological
