Being God's Partner Rabbi Jeffrey K. Salkin,2013-04-03 What is spirituality anyway Isn t spirituality about emotion And

isn't work about the rational mind Too often we divorce our work life from our real life from our innermost beliefs and convictions But work can be as much a part of our life and as much a vehicle for spiritual growth and personal understanding as going to synagogue or church on Saturday or Sunday or taking a walk in the woods or reading quietly to our kids at bedtime In fact work may be among the most potent vehicles for fulfilling our spiritual life because for many of us it presents the best opportunities to meld community and social and economic productivity with personal belief and individual talent from the Introduction by Norman Lear Being God's Partner will help people of every faith reconcile the cares of their work and the strivings of their souls and restore the hidden link between them By exploding our assumptions that work and spirituality are irreconcilable Salkin explores how spirituality can enhance our 9 to 5 lives It is time to be as rich internally as we are externally he writes offering soul stirring ways to smuggle religion into our workplace Thought provoking practical and exhilarating Being God's Partner goes beyond just talking about the subject to give you specific actions to take and connections to make right now to help infuse our lives with greater meaning purpose and satisfaction and invigorate all that we do It's Time for Change Martin Sanders,2013-06-12

Freedom in Resistance and Creative Transformation
Michael St. A. Miller,2013-04-11 In Freedom in Resistance and Creative Transformation Michael Miller addresses the concept of freedom that is central to the grammar of Christian faith and important in a wide range of religious and nonreligious settings across the globe He confronts the fact that despite the claimed importance of freedom there continues to be interpersonal socio political and religious power hierarchies that keep some people dominant and others subjugated The book suggests that often these hierarchies are informed by Christian teachings that deny freedom to human beings on the basis of their humanity per se Having classified humanity as fallen we are instructed that freedom is experienced by disparaging our humanity as we actually experience it seeing ourselves as our own worst enemies and accepting bondage to God the bondage reflected in the character of relations with those seen as God's special representatives in the world Miller presents a case against this understanding of the human situation and in the process he critically engages the Old and New Testaments along with ideas of significant representatives of Christian orthodoxy As an alternative he promotes freedom that is finite realistically libertarian and relational as most compatible with the character of human beings that are partially self creating and self determining Contributing to this position is the view that an infinitely temporal God by character and desire participates in human life in a way that ensures the requisite space for authentic decision making from which emerges genuinely novel possibilities for human life This dynamic has implications for the continued development of the human species and the quality of life in the cosmos as a whole *The Future of Partnership* Letty M. Russell,1979-01-01 How should men and women and God relate to one another Letty Russell's answer is partnership understood in new ways as a relationship rooted in the life story of Jesus Instead of concentrating on individuals as single entities she develops the theme of the individual in partnership both with God and with Others She deals with the theological foundations of partnership and
