The Untouched Minutes Donald Morrill,2004-01-01 What would you be willing to do to save someone perhaps someone you loved On a moment s notice for instance would you lunge between that person and an assailant s knife strike In that same situation what would you be willing do for yourself And what if there were nothing ultimately to be done These and other such questions live in the untouched minutes questions most of us are fortunately never compelled to answer though the media exposes us daily to the stories of those who are In February 2001 on what started out as a typical Sunday afternoon Donald Morrill and his wife Lisa Birnbaum became the victims of a home invasion and found themselves faced with

the specter of ultimate contingency In *The Untouched Minutes* Morrill recounts and examines the events of that day and its aftermath as well as the circumstances surrounding the murders of Dartmouth professors Half and Suzanne Zantop which occurred the same week Set against the unfolding drama of post 9 11 America *The Untouched Minutes* explores how violence and the threat of violence color and recast one's assumptions and can plot the course of people facing the unknown the unknowable the irredeemable Morrill presents a memorable portrait of what it means to take back the life that finally wasn't taken and in the process he offers a powerful meditation on terror and security home and travel art race luck and our individual places in the wider world River Teeth ,2008 **Rough Crossing** Rosemary McGuire,2017-03-01 Knowing next to nothing about fishing Rosemary McGuire signed on to the crew of the Arctic Storm in Homer Alaska looking for money and experience Cold hard work and starkly sexist harassment were what she found Here is her story of life on a fishing boat as the only woman crew member Both an adult coming of age tale and a candid look at the Alaskan fishing industry this is the story of a woman in a man's world Anyone who has ever longed to sail in heavy seas will relish her account of working in an ancient profession that has changed remarkably little over the course of human history **Heroes of Havensong: The Fifth Mage** Megan Reyes,2025-02-04 A powerful cast of characters in an epic tale of dragons and magic Lisa McMann New York Times bestselling author of *The Unwanteds* Follow the threads of the Fates to the captivating conclusion of this timeless fantasy series about four unlikely heroes bound together to save their world and magic itself Wren River Blue and Shenli have been struggling to face what the Fates have in store for them ever since learning they are the heroes foretold to save their world Now Haven is on the brink of war and the stakes are higher than ever River's new mage powers are as out of control as her grief endangering anyone who comes near her unless she can learn to master her abilities Shenli must finally confront the impossible decision over the fate of the Lost Ones as a battle wages between his head and his heart Finally returning home Blue with Wren at his side sets out to open the closed minds of the people of Gerbera to gain their assistance before it's too late When destiny duty and danger clash it's hard to know if you're on the right path especially if it's one you never chose in the first place And as the four friends strive to live up to their prophesied roles none of them know that there is someone out there who believes her sole purpose is to stop the heroes whatever it takes Upper Mississippi River United States. Fish and Game, 1896 **Bulletin** United States National Museum, 1896 **Romances with Schools** John I. Goodlad, 2016-07-18 John I Goodlad has been an unflagging voice for humanistic ideals in education for more than six decades and has helped reframe the modern discourse on the role and function of schools For Goodlad the goal of public education is to help children become free and full participants in a democratic society by instilling them with a love of learning and a sense of civic responsibility goals that are incompatible with our present system of schooling that teaches to standardized tests In Romances with Schools John Goodlad steps out from behind the public persona of distinguished scholar and advocate for public schooling to offer a moving personal account of a life devoted to educating the young He deftly interweaves fascinating personal details with reflections on many of the

larger issues in education that he has explored throughout his career John's early encounters with formal schooling began just before the Great Depression in Canada with the humble North Star School From there we are taken through sixty plus years in education starting with John's first teaching job as the sole instructor of a one room schoolhouse through his years as an education activist dean of the UCLA Graduate School of Education and national voice for educational renewal Along the way he treats us to vivid characterizations of the men women and above all children who shaped him as a person and inspired his thinking on education *Romances with Schools* is both a poignant memoir and a persuasive argument for the need to renew public education to fit the demands of a free society Stephen Goodlad John's son has written a moving Prologue to the book that provides behind the scenes insight into John's life An Epilogue by Roger Soder a long time colleague places John's work of school renewal in the context of political change
