Wolcher, 2016-04-22 What is the ultimate task of law This deceptively simple question guides this volume towards a radically original philosophical interpretation of law and justice Weaving together the philosophical jurisprudential and ethical problems suggested by five general terms thinking human suffering legal meaning time and tragedy the book places the idea of law's ultimate task in the context of what actually happens when people seek to do justice and enforce legal rights in a world that is inflected by the desperation and suffering of the many It traces the rule of law all the way down to its most fundamental level the existence of universal human suffering and how it is that law does inflict or tolerate that suffering

Questions in Religions Nathan Eric Dickman, 2022-02-24 Buddhas gods prophets and oracles are often depicted as asking questions But what are we to understand when Jesus asks Who do you say that I am or Mazu the Classical Zen master asks Why do you seek outside Is their questioning a power or weakness Is it something human beings are only capable of due to our finitude Is there any kind of question that is a power Focusing on three case studies of questions in divine discourse on the level of story the god depicted in the Jewish Bible the master Mazu in his recorded sayings literature and Jesus as he is depicted in canonized Christian Gospels Nathan Eric Dickman meditates on human responses to divine questions He considers the purpose of interreligious dialogue and the provocative kind of questions that seem to purposefully decenter us drawing on methods from confessionally oriented hermeneutics and skills from critical thinking He allows us to see alternative ways of interpreting religious texts through approaches that look beyond reading a text for the improvement of our own religion or for access to some metaphysically transcendent reality This is the first step in a phenomenology of

religions that is inclusive diverse relevant and grounded in the world we live in **Beyond Transcendence in Law and Philosophy** Louis E. Wolcher, 2023-03-31 What is the law of the law What produces our craven subservience to linguistic norms and our shocking indifference to the phenomenon of universal suffering In a path breaking new work of philosophy Louis Wolcher seeks to answer these questions from the standpoint of Zen Buddhism Bringing an Eastern sensibility into contact with three of the most important themes in Western philosophy Beyond Transcendence in Law and Philosophy meticulously investigates three of the twentieth century s most important philosophers Martin Heidegger on being Emmanuel Levinas on ethics and Ludwig Wittgenstein on language In the context of the larger Western obsession with transcending the ordinary Louis Wolcher argues that the yearning for transcendence is born of the illusion that there is a fundamental difference between the ordinary and the profound Employing Zen koans and stories to advance a deflationary view of language and knowledge he goes on to argue that the norms of transcendence to which we cling are not eternal truths but artefacts of desperate minds adrift on a sea of impermanence What used to seem so majestically True Right and Just thus shows itself to be utterly mundane as merely true right and just What is left however is not nihilism for clinging to a view of nothingness is just as deluded as clinging to a view of somethingness but rather a new beginning of compassionate concern for the suffering of others Beyond Transcendence in Law and Philosophy is a strikingly original synthesis of Eastern and Western thought It will enlighten philosophers and legal theorists as well as those who are interested in or open to the insights of Zen Buddhism *Entangling Vines* , 2013-03-18 Entangling Vines is a translation of the Shumon Kattoshu the only major koan text to have been compiled in Japan rather than China Most of the central koans of the contemporary Rinzai koan curriculum are contained in this work Indeed Kajitani Sonin 1914 1995 former chief abbot of Shokoku ji and author of an annotated modern Japanese translation of the Kattoshu commented that herein are compiled the basic Dharma materials of the koan system A distinctive feature of Entangling Vines is that unlike the Gateless Gate and Blue Cliff Record it presents the koans bare with no introductions commentaries or verses The straightforward structure of its presentation lends the koans added force and immediacy emphasizing the Great Matter the essential point to be interrogated while providing ample material for the rigors of examining and refining Zen experience Containing 272 cases and extensive annotation the collection is not only indispensable for serious koan training but also forms an excellent introduction to Buddhist philosophy

Dogen's Extensive Record Eihei Dogen, 2010-03-10 Eihei Dogen the thirteenth century Zen master who founded the Japanese Soto School of Zen is renowned as one of the world s most remarkable religious thinkers As Shakespeare does with English Dogen utterly transforms the language of Zen using it in novel and extraordinarily beautiful ways to point to everything important in the religious life He is known for two major works The first work the massive Shobogenzo Treasury of the True Dharma Eye represents his early teachings and exists in myriad English translations the second work the Eihei Koroku is a collection of all his later teachings including short formal discourses to the monks training at his temple longer

informal talks and koans with his commentaries as well as short appreciatory verses on various topics The Shobogenzo has received enormous attention in Western Zen and Western Zen literature and with the publication of this watershed volume the Eihei Koroku will surely rise to commensurate stature Dogen's Extensive Record is the first ever complete and scholarly translation of this monumental work into English and this edition is the first time it has been available in paperback This edition contains extensive and detailed research and annotation by scholars translators and Zen teachers Taigen Dan Leighton and Shohaku Okumura as well as forewords by the eighteenth century poet monk Ryokan and Tenshin Reb Anderson former abbot of the San Francisco Zen Center plus introductory essays from Dogen scholar Steven Heine and the prominent late American Zen master John Daido Looi

Dongshan's Five Ranks Ross Bolleter, 2014-05-20 The first in depth English commentary on the Five Ranks a core text of the Zen tradition that teaches what can't be taught which contains new translations of all of the key texts of the Five Ranks cycle We imagine ourselves and the universe to be distinct but within us glimmers the suspicion that we are in fact intimately connected and inseparable from all that there is The dawning and expansion of such awareness is called enlightenment In his masterwork a suite of dialectical works known collectively as the Five Ranks Dongshan a Zen master of Old China approaches enlightenment from five angles using paradox and poetry to lay out a multifaceted path whereby we might discover enlightenment within this very moment Ross Bolleter Roshi assembles and provides commentary on all of the core texts of the Five Ranks including the precursors that inspired it and works inspired by it Approaching the Five Ranks from a rich and sophisticated koan perspective Bolleter Roshi augments his explanations of the works with liberal doses of humor and storytelling bringing this esteemed classic to life Each part of the Five Ranks focuses differently on the relationship between the timeless realm of our essential natures and the contingent realm of life and death They encourage us to transcend naive individualism and to bring our best qualities of compassion and wisdom intimately into our daily lives In this regard Dongshan's Five Ranks lays out the path that every student of the Way must traverse on the journey to becoming a teacher
