Focusing on developmentally appropriate methods and materials, this remarkably readable book empowers a new generation of teachers to integrate reading, writing, listening, and speaking in K-8 classrooms. Heller's highly accessible writing style makes this book suitable as a primary text for undergraduate and graduate courses in language arts, reading, writing, and literacy. In addition, Reading Writing Connections offers expanded content on the impact of sociocultural theory and the whole language movement on the teaching of reading and writing across the curriculum; greater emphasis on cultural diversity, including new multicultural children's literature booklists that complement the general children's literature bibliographies; and current information on alternative assessment, emerging technologies, the multiage classroom, reader response to literature, and thematic teaching.

The Oxford Companion to Children's Literature Daniel Hahn, 2015-03-26 The last thirty years have witnessed one of the most fertile periods in the history of children's books: the flowering of imaginative illustration and writing; the Harry Potter phenomenon; the rise of young adult and crossover fiction; and books that tackle extraordinarily difficult subjects. The Oxford Companion to Children's Literature provides an indispensable and fascinating reference guide to the world of children's literature. Its 3,500 entries cover every genre, from fairy tales to chapbooks, school stories to science fiction, comics to children's hymns. Originally published in 1983, the Companion has been comprehensively revised and updated by Daniel Hahn. Over 900 new entries bring the book right up to date. A whole generation of new authors and illustrators are showcased, with books like *Dogger*, *The Hunger Games*, and *Twilight* making their first appearance. There are articles on developments such as manga, fan fiction, and non-print publishing, and there is additional information on prizes and prizewinners. This accessible A to Z is the first place to look for information about the authors, illustrators, printers, publishers, educationalists, and others who have influenced the development of children's literature, as well as the stories and characters at their centre.
