American Women Modernists Robert Henri,Marian Wardle,Sarah Burns,Brigham Young University. Museum of Art,2005 The seven essays included in this volume move beyond the famed Ashcan School to recover the lesser known work of Robert Henri s women students The contributors who include well known scholars of art history American studies and cultural studies demonstrate how these women participated in the modernizing of women s roles during this era The Allure of the Maine Coast Jessica F. Nicoll,1995-01-01 The Modern School Movement Paul Avrich,2014-07-14 In this comprehensive study of the Modern School movement Paul Avrich narrates its history analyzes its successes and failures and assesses its place in American life In doing so he shows how the radical experimentation in art and communal living as well as in education during this period set the precedent for much of the artistic social and educational ferment of the 1960 s and 1970 s Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Grove Encyclopedia of American Art Joan M. Beauty in the City Robert A. Slayton,2017-06-21 Gold Medalist 2018 Independent Publisher Book Awards in the US Northeast Best Regional Non Fiction Category Finalist for the 2017 Foreword INDIES Book of the Year Award in the Regional category Silver Winner 2017 Foreword INDIES Book of the Year Awards in the History category At the beginning of the twentieth century the Ashcan School of Art blazed onto the art scene introducing a revolutionary vision of New York City In contrast to the elite artists who painted the upper class bedecked in finery in front of magnificent structures or the progressive reformers who photographed the city as a slum hopeless and full of despair the Ashcan School held the unique belief that the industrial working class city was a fit subject for great art In *Beauty in the City* Robert A Slayton illustrates

how these artists portrayed the working classes with respect and gloried in the drama of the subways and excavation sites the office towers and immigrant housing Their art captured the emerging metropolis in all its facets with its potent machinery and its class ethnic and gender issues By exposing the realities of this new modern America through their art expressed in what they chose to draw not in how they drew it they created one of the great American art forms *American Impressionism and Realism* Helene Barbara Weinberg, Doreen Bolger, David Park Curry, 1994 An examination of the continuities and differences between American Impressionism and Realism Copyright Libri GmbH All rights reserved The Center for the Arts Presents William Merritt Chase and Robert Henri Center for the Fine Arts, Inc, 1986 **Ashcan Art, Whiteness, and the Unspectacular Man** Alexis L. Boylan, 2017-04-20 Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be with no justification or rationale Ashcan Art Whiteness and the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States Robert Henri (1865-1929) and His Circle, 1965 **Ministers of Reform** Robert M. Crunden, 1984 Ministers of Reform vividly depicts the spiritual odyssey of an entire generation and shows how Protestant roots and a common climate of creativity nurtured a host of Progressive leaders from all walks of life Crunden demonstrates that the same spirit of innovation and moral rectitude so typical of the era's politics also characterized its artistic endeavors **Eugene O'Neill and the Ashcan Artists** Zander Brietzke, 2025-02-05 Eugene O'Neill lived with the artist George Bellows in the early twentieth century met Robert Henri the leader of the future Ashcan School and knew John Sloan who etched O'Neill at the Lincoln Arcade studio on Upper Broadway These visual artists made a profound impression on the future playwright and when O'Neill began writing plays in 1913 he drew upon the images he had first seen on canvas or paper This book presents the centrality of New York City on Eugene O'Neill's imagination the notorious Tenderloin section Greenwich Village the Lower East Side Fifth Avenue and Gramercy Park and it does so through the brushes pens plates and stones of the Ashcan artists The sixty images herein reveal the shared aesthetic sensibilities between all the respective artists and foreground the honest unflinching and simple beauty that O'Neill sought to portray in all of his dramatic works from the early one acts with the Provincetown Players to the Broadway blockbusters in the 1920s

and culminating with the posthumously produced plays he wrote in near seclusion to conclude his career
