Mehigan,2003 Table of contents **The Twentieth Century 1890-1945** Raymond Furness,2020-01-31 Originally published in 1978 this study presents a detailed analysis of the major literary movements in Austria and Germany from the end of the nineteenth century to the collapse of the Third Reich It examines the plethora of literary genres which marked the transition from the nineteenth to the twentieth century the short lived Naturalist movement rapidly giving way to various forms of symbolism and neo romanticism The situation in Vienna is studied in detail the concept of modernism vis vis expressionism with special regard to Rilke and Kafka The literature of the Weimar period is also analysed with emphasis on the symphonic novels of the time and the anti illusionist devices of Brecht It also draws a comparison between the literary situation in Nazi Germany and the literature of exile and the positions of Thomas and Heinrich Mann Brecht and Gottfried Benn are examined

Tres voces Juan García Ponce,2000 **Ernst Bloch** Vincent Geoghegan,2008-02-20 Ernst Bloch is perhaps best known for his subtle and imaginative investigation of utopias and utopianism but his work also provides a comprehensive and insightful analysis of western culture politics and society Yet because he has not been one of easiest of writers to read his full contribution has not been widely acknowledged Block developed a complex conceptual framework and presented this in a prose style which many have found to verge on the impenetrable In this critical and accessible introduction to one of the most fascinating thinkers of the twentieth century Vincent Geoghegan unravels much of the mystery of the man and his ideas

Die Technik und die Musen / Technology and the Muses Juliane Mikoletzky,2016-01-20 The articles compiled in this volume address the manifold relationships between technology art culture and science that have emerged throughout the 200 years of the history of the TU Wien After reflecting in general on the interaction of art and technology and their convergence at the Vienna Chamber of Wonders 2015 exhibition the connections between the members and graduates of the TU Wien and its predecessor institutions to the artistic literary and especially musical life of the time will be examined Further articles are dedicated to the role of the Polytechnic Institute and the TH TU Wien in the early development of photography and film as well as to the efforts of the TH in spreading technical knowledge to the people during the first decades of the 20th century as part of University Extension *Classical Readings on Culture and Civilization* Stephen Mennell,2017-10-03 In recent times especially under the influence of postmodernism culture has often been construed as a critique of modernity This wide ranging and comprehensive collection of readings shows that such issues have always been at the centre of thought about the relationship between culture and civilization The readings are divided into three sections linking the civilization debate to political theory to the cultural debate and to the sociology and anthropology The substantial extracts included give students a rare chance to engage at length with classic texts to appreciate the nature of the battle between the Enlightenment and its critics which has shaped current thought Classical Readings on Culture and Civilisation

The Cambridge Companion to the Modern German Novel Graham Bartram, 2004-04-05 The Cambridge Companion to the Modern German Novel first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present. Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries. The structure is broadly chronological but thematically focused: chapters examine topics such as gender anxiety images of the city war and women's writing. Within each chapter key works are selected for close attention. Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers.
