Russia In Asia A Record And A Study 1558 1899:

Russia in Asia Alexis Sidney, Krausse, 1900 *Russia in Asia* Alexis Sidney Krausse, 1900 *Russia in Asia* Alexis Krausse, 2012-03-15 First published in 1899 with a second edition following in 1900 just four years prior to the outbreak of the Russo Japanese War this in depth study of Russia's great expansion into Asia describes in detail the policies which brought it about The author acknowledges close scrutiny of over two hundred authorities including primary Russian sources and British official documents in the writing of this extensive volume In his Preface to the second edition Krausse observes The developments in Russian affairs during the past fifteen months have been concerned rather in the continuation of the aims already recorded than in any new departure of policy and the acquisition of the Liaotung peninsula the Russification of Manchuria and the completion of the Kusk railway to the Afghan frontier remain the latest definite achievements of Russian diplomacy The attitude of Russia in regard to the question of the open door her attempts on the independence of Korea her pending struggle with Japan and her aims in China are yet in the evolutionary stage Making it clear what the underlying thesis of his study is Krausse concludes in his Prefatory Chapter after anticipating the completion of gigantic Siberian railway And then like a giant refreshed Russia will once more gird up her loins and set forth on a renewed campaign for the conquest of the world The relevance of this work continues into the present in the broad context of Asian Studies and the colonial history in the nineteenth century Russian Tzarist history and Anglo Russian diplomatic history as well as in the context of post 1989 political history **Russia in Asia** Alexis Krausse, 2017-12-13 Excerpt from *Russia in Asia A Record and a Study 1558 1899* The growth of Asiatic Russia while of engrossing concern to the political student the soldier and the commercial man has never until now been treated on purely historical lines My object has been to trace the successive stages of this growth and to describe the deliberate prosecution of the policy which has largely brought it about *Russia in Asia* does not profess to be more than a history complete yet concise of Asiatic Russia In criticising the rival policies of Russia and England my endeavour has been to present the clear and impartial deduction that a careful study of those policies yields The historical chapters are based upon the writings of more than two hundred authorities The accounts of the numerous military expeditions have in most cases been drawn from Russian sources while my references to the part played by diplomacy are grounded on official correspondence and our own Government publications I have not occupied space with a full list of the authorities consulted thinking it sufficient to indicate to those who may desire a closer investigation of the subject the principal sources where verification and amplification may be found About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any
