

# Russia The Land

**Greg Nickles**

## **Russia The Land:**

Russia, the Land of the Great White Czar Edith Caroline Phillips, 1904      *Russia - The Land* Greg Nickles, 2000

Introduces the land of Russia including the country's geography history industry agriculture and wildlife      **Land Reform in Russia, 1906-1917** Judith Pallot, 1999-05-20 Since the collapse of the USSR there has been a growing interest in the Stolypin Land Reform as a possible model for post Communist agrarian development Using recent theoretical and empirical advances in Anglo American research Dr Pallot examines how peasants throughout Russia received interpreted and acted upon the government's attempts to persuade them to quit the commune and set up independent farms She shows how a majority of peasants failed to interpret the Reform in the way its authors had expected with outcomes that varied both temporally and geographically The result challenges existing texts which either concentrate on the policy side of the Reform or if they engage with its results use aggregated official statistics which this text argues are unreliable indicators of the pre revolutionary peasants reception of the Reform      **Russia's Agriculture in Transition** Zvi Lerman, 2008-01-01 This book explores the development of factor markets in Russian agriculture during the transition to a market economy identifying the impact of existing constraints on agricultural growth      **Russia's Economic Transitions** Nicolas Spulber, 2003-04-10 Russia's Economic Transitions examines the three major transformations that the country underwent from the early 1860s to 2000 The first transition under Tsarism involved the partial break up of the feudal framework of land ownership and the move toward capitalist relations The second following the Communist revolution of 1917 brought to power a system of state ownership and administration a sui generis type of war economy state capitalism subjecting the economy's development to central commands The third started in the early 1990s and still unfolding is aiming at reshaping the inherited economic fabric on the basis of private ownership The three transitions originated within different settings but with a similar primary goal namely the changing of the economy's ownership pattern in the hopes of providing a better basis for subsequent development The treatment's originality impartiality and historical breadth have cogent economic social and political relevance      Inside Putin's Russia Andrew Jack, 2005-12-15 Written by Andrew Jack the Moscow Bureau Chief of the Financial Times here is a revealing look at the meteoric rise of Vladimir Putin and his first term as president of Russia Drawing on interviews with Putin himself and with a number of the country's leading figures as well as many ordinary Russians Jack describes how the former KGB official emerged from the shadows of the Soviet secret police and lowly government jobs to become the most powerful man in Russia The author shows how Putin has defied domestic and foreign expectations presiding over a period of strong economic growth significant restructuring and rising international prestige Yet Putin himself remains a man of mystery and contradictions Personally he is the opposite of Boris Yeltsin A former judo champion he is abstemious healthy and energetic but also evasive secretive and cautious Politically he has pursued a predominantly pro western foreign policy and liberal economic reforms but has pursued a hardline war in Chechnya and

introduced tighter controls over parliament and the media and his opponents moves which are reminiscent of the Soviet era Through it all Putin has united Russian society and maintained extraordinarily high popularity Jack concludes that Putin s liberal authoritarianism may be unpalatable to the West but is probably the best that Russia can do at this point in her history Inside Putin s Russia digs behind the rumors and speculation illuminating Putin s character and the changing nature of the Russia he rules Andrew Jack sheds light on Putin s thinking style and effectiveness as president With Putin s second term just beginning this invaluable book offers important insights for anyone interested in the past present and future of Russia

*The Dawn in Russia* Henry Woodd Nevinnson,1906

**Russia's Policy Challenges** Stephen K. Wegren,2016-07-08

Designed for use in courses on contemporary Russia this volume explores Russia s policy dilemmas in three realms international security socio political and socio economic In each of these categories Russia faces daunting problems none of which is likely to be resolved quickly or easily Yet over the longer term the extent to which policymakers are successful in dealing with these challenges will go far in determining Russia s future place in the world how Russians will live and what kind of country Russia becomes Each expertly authored chapter outlines the nature of one major issue traces its evolution and policy developments under the Yeltsin and Putin presidencies and evaluates the effectiveness and prospects of efforts to come to grips with the challenge

**Access to History: Russia 1894-1941 for OCR Second Edition** Michael

Lynch,2015-09-18 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 This is an OCR endorsed resource Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including OCR Russia 1894 1941

*Contemporary Russia* Edwin Bacon,2024-06-25 This textbook offers an up to date and

incisive overview of contemporary Russia Systematically covering the country s history geography society politics economy and culture it analyses current developments the headlines and the more everyday and situates its analysis in the wider historical context to help readers make sense of one of the world s most important regions Building on the success of its previous editions and analysing complex questions in the light of expertise gathered over decades this remains the leading text for a wide ranging account of Russia today Praised for its accessible and engaging writing style this new edition is essential reading for anyone interested in gaining a more nuanced and wide ranging understanding of contemporary Russia It is ideal for undergraduate and postgraduate students studying Russian society culture politics and international relations

Introduction to Russia Gilad James, PhD, Russia officially known as the Russian Federation is the largest country in the

world by land area and spans two continents Europe and Asia It is located in Eastern Europe and Northern Asia and shares borders with Norway Finland Estonia Latvia Lithuania Poland Belarus Ukraine Georgia Azerbaijan Kazakhstan Mongolia China and North Korea The country has a diverse geography from the frozen tundra of Siberia to the sunny beaches of the Black Sea coast Russia is known for its rich culture and history which includes famous poets writers composers artists and scientists The country has a population of approximately 144 million people and is considered a federal semi presidential republic Russia s economy is one of the largest in the world and relies heavily on natural resources like oil gas and minerals Its political system is often described as authoritarian due to the concentration of power in the hands of the president and the ruling party However the country has a complex and dynamic political landscape that includes a diversity of opinions and viewpoints Despite its challenges Russia continues to play a significant role in world affairs including its involvement in Syria Ukraine and other global hotspots *Russia's Destiny in the Light of Prophecy* Alfred Henry Burton,1915 **Russia,**

**1905-07: The Roots of Otherness** Teodor Shanin,1986-07-07 New Russia begins in 1905 07 A revolution which failed was also a moment of truth By proceeding in a way unexpected by supporters and adversaries alike it offered a dramatic corrective to their understanding of Russia In what followed Russian history was to be dominated by the transforming efforts of monarchists who learnt that only revolution from above could save their tsardom and by Marxists who under the impact of revolution which failed looked anew at Russia and their Marxism On the opposing sides of the political scale Stolypin and Lenin came to share a new image of Russia recognisable today as one of a developing society and to act upon that While Russia began a new century with a revolution it is equally true that a new century in world history began with the Russian revolution of 1905 07 Since then a new type of society and of revolution have been evident throughout the world Most of the theoretical tools to grasp those environments and changes were first set in Russia of the period described The book begins with the forces and elements which came together in the 1905 07 revolution It then presents and analyses the urban struggle the still little known peasant war and the relations between those two confrontations It proceeds to the conclusions drawn from the revolution by the different social classes parties and leaders and the way this has shaped Russia s future and consequently of the world today defining also economics and agrarian reforms developmentism and communism liberation struggles and anti insurgencies International Cooperation in the Development of Russia's Far East and Siberia J.

Huang,A. Korolev,2015-04-30 Russia s new pivot to Asia increases the global significance of Russia s Siberia and Far East The contributors recognized experts from Russia China South Korea Japan Norway and Singapore analyze political economic social and geostrategic roadblocks in the Russia Asia Pacific relations offering directions for further development **The history of Russia from the foundation of the empire to the war with Turkey in 1877-'78, by H. Tyrrell and H.A. Haukeil** Henry Tyrrell (teacher of elocution.),1879 The Military and Society in Russia, 1450-1917 Eric Lohr,Marshall Poe,2002-11-01 This book explores the interaction of the Russian military and society in the early modern and modern period

In contrast to straightforward military histories the volume is concerned with the myriad political economic and cultural currents that shaped the Russian armed forces from their beginnings in Muscovite times to the end of World War I The book begins with an attempt by the editors to provide a large frame in which to place the various contributions What follows are three topical sections including 22 detailed often archival based monographic articles The first section concerns The Military and Society in Muscovy the second section focuses on The Military and Society in Imperial Russia The third part analyzes Patriotism Nationality Religion and the Military      *Monthly Bulletin of the Bureau of Economic and Social Intelligence* ,1913

*Russia* ,1997-01-01 Maps 4 folded sheets attached to inside back cover      *Handbook of Research on Globalized Agricultural Trade and New Challenges for Food Security* Erokhin, Vasili, Gao, Tianming, 2019-10-25 Free trade promotes economic growth through international competition and the efficient allocation of resources while also helping to stabilize food supplies between countries that have an overabundance of product and countries that have a shortage However sudden price surges can threaten the social cohesion of developing countries and may lead to malnutrition and stunted growth Balancing trade liberalization and protectionism is imperative for the provision of food security for all The Handbook of Research on Globalized Agricultural Trade and New Challenges for Food Security is an essential publication that seeks to improve food security food independence and food sovereignty in the conditions of globalized agricultural trade and addresses the contemporary issues of agricultural trade including major commodities and food products traded between major countries directions of trade and trends The book also examines the effects of tariff escalations administrative restrictions other forms of trade protectionism on food security and the emerging trade tensions between major actors such as the US China the EU and Russia Featuring research on topics including plant fertility dietary diversity and protectionism this book is ideally designed for government officials policymakers agribusiness managers stakeholders international tradesmen researchers industry professionals academicians and students      *Rediscovering Russia in Asia* Stephen Kotkin, David Wolff, 2015-03-04 This work presents a trans Siberian expedition to rediscover the peoples cultures and riches of Russia's eastern frontiers It addresses such questions as who are the people of the region have they a distinct culture and does the area have a future as part of the Pacific Rim
